

GUNMAN WOUNDS PRESIDENT OF UAW

Soft Coal Tieup Comes To End Monday

LEFTIST BLOC
BROKEN UP BY
VOTE IN ITALYSOCIALIST GROUPS
PLAN TO LEAVE
POPULAR FRONT

BY JOHN P. MCKNIGHT
Rome, April 21 (AP)—Italy's Communists, overwhelmed in the election, received a hint from their top leader today of an about-face on the Marshall Plan.

The Communists opposed Marshall Plan aid throughout the campaign.

Smarting from their worst defeat in free voting, the Communists also faced the possibility of a serious rift with some of their left wing Socialist allies.

With nearly complete returns apparently assuring the American-backed Christian Democrats of control of both Houses of Parliament, Giuseppe Di Vittorio, of the Communist-dominated General Confederation of Labor indicated it wants to take a stand on American aid independent of Moscow.

Total 48.7 Percent
Official returns on all but 153 of the 41,647 precincts in the chamber of deputies election gave the Christian Democrats 48.7 percent of the vote, a total of 12,631,527. The Communist-led Popular Front had 7,995,601, or 30.7 percent. In third place were the anti-Communist Socialists, with 1,848,826, or 7.1 percent.

Final official returns in the Senate vote gave the Christian Democrats 10,740,131, or 47.9 percent; the Popular Front, 6,955,229, or 31 percent; and the anti-Communist Socialists, 1,580,722, or seven percent.

Thus Premier Alcide De Gasperi's Christian Democrats seemed assured of being able to form a government with whom they are closely allied in the present government. The Christian Democrats apparently do not even need the support of the other anti-Communist minor parties.

The total anti-Communist vote of all parties in the chamber race, (Continued on page 16)

Diets Skimpy, But
Britons Are Healthy

London, April 21 (AP)—The British people's health was tops last winter despite their skimpy food rations.

Reporting record low figures for many diseases, the Health Ministry said the death rate was only 12.3 per 1,000 during the first three months of 1948. It was 17 per thousand in the same period in 1947.

British Navy Gives
Show in North Sea

London, April 21 (AP)—British air, sea and submarine forces will maneuver in the North Sea between the Orkneys and Norway May 13 and 14, the admiralty announced today.

The exercises will involve two battleships, a carrier, a cruiser, 11 destroyers, four frigates, 10 submarines and about 135 planes.

Weather

Reported by U. S. Weather Bureau

UPPER MICHIGAN: Partly cloudy tonight and Thursday. Warmer west and central parts tonight with little change near Lake Michigan. Warmer over extreme west portion Thursday.

ESCANABA AND VICINITY: Fairly clear tonight, wind variable 10 to 15 MPH. Thursday fair and little change in temperature, wind south and southwest 20 MPH. High 52, low 34.

State Solons
Push Sigler's
Key Measures

Lansing, April 21. (AP)—The legislature raced today toward a Friday final adjournment deadline and Governor Sigler's legislative program began to make real progress.

Leaders admitted a Friday adjournment left too little time for careful consideration of many important measures, but they sought to whip up the lagging Senate finance committee which still is sitting on appropriation bills.

1—His bill to create a new state department of administration was slammed through the House and went to the Senate.

2—The House sent to the Senate a constitutional amendment to give state officials four year terms of office, beating down similar terms for legislators and county officials.

3—The Senate accepted House amendments and placed on the November election ballot constitutional amendments to lift the ceilings on salaries and expenses of legislators, and salaries of state officials.

4—The Senate passed and sent to the House the bill to give judges retirement pensions.

All were key points in Sigler's program.

On a 69-19 vote, the House approved giving the governor power to appoint an administrator with strong controls over government agencies and business functions of the state.

The judges' pension bill was sped through the Senate by a 19 to 9 vote, reversing defeats in previous sessions. It allows judges to retire at 65 and indirectly forces retirement at 70, with previous retirement possible for those incapacitated.

Lieutenant Governor Eugene C. Keyes, Senate presiding officer, tried to defeat the bill after the vote with a ruling that it needed 22 votes because, he said, it was an "appropriation for a private purpose." The Senate overruled him 15 to 14.

SOVIETS MIXED
UP IN DISPUTESTroubles All Blamed On
Britain And America

(By The Associated Press)

London, April 21—Russian disputes with the western powers over Germany and Austria were sharpened today with new thrusts and counter thrusts.

In London, a Tass dispatch said a Russian commission has found a British plane responsible for a fatal air crash over Berlin April 5.

In Vienna, the United States and Russia blamed each other for a clash Monday on the streets of the American zone, when three Russian officers attempted to arrest a displaced person in the U. S. sector. American military police wrested the woman from the Russians.

In Berlin, W. T. Babcock, American deputy commandant of the city, called his Russian counterpart the biggest spreader of falsehoods "since the time of 'Anansi'."

In the British capital, the United States, Britain and France made plans which may further the split between western and eastern Germany. The three powers laid the groundwork for restoring the western section's financial stability and giving it wide self government.

The Soviet news agency statement referred to the collision of a British transport and a Russian fighter. All 14 aboard the transport, including two Americans, died. The Russian pilot perished.

Toddler Rescued;
Baby Dies In Fire

Manchester, Me., April 21 (AP)—A mother had to choose between two of her children and as a result one perished in a fire that razed their home yesterday.

Mrs. John L. Childs told firemen she reentered the burning house twice in an effort to reach her baby, Sadie Jean. Her son, Joseph, three, toddled after her.

Mrs. Childs was forced to turn back from smoke-filled stairs each time to carry Joseph to safety. The third time the boy stayed outside. By then the stairs were cut off.

The blaze was so intense firemen were unable to enter a second floor window. The baby's body was found in the ruins. A medical examiner said she was asphyxiated.

MINER'S REACTION—Valentine Dolenc, 65-year-old Coverdale, Pa., miner who works at the Castle Shannon mine Number 8, registers violent disapproval of the Federal Court's verdict of "guilty" in John Lewis' hearing on civil and criminal contempt charges. (NEA Telephone)

Draft Fight Takes
Shape In Congress

BY HOWARD DORSON

Washington, April 21 (AP)—Signs of a hot draft fight in Congress began to take shape today.

A second member of the House Armed Services committee came out flatly against any peaceful revival of selective service. He said still a third member, as yet unidentified, will vote "no" on the issue.

"I'm against it, and the people back home are against it," Rep. Bismarck (R-Me.) told a reporter. "I have found that out. Other members of the House will find it out, too."

Bishop made his stand known as the Armed Services committee began studying details of a revised draft bill sponsored by Chairman Andrews (R-N.Y.). Andrews formally introduced the measure yesterday after four days of testimony from draft opponents.

The Andrews bill would authorize the Armed Services to reach a total of 2,006,000 men by July 1, 1950. That would be 621,500 men above present strength, and 272,000 more than the number asked by Secretary of Defense Forrestal in the administration's combined draft-UMT bill.

The new measure would not grant "GI Bill of Rights" benefits to peacetime draftees. It would, however, give them the protection of insurance premium guarantees under the Soldiers' and Sailors' Civil Relief Act of 1940.

Drafts would begin automatically 90 days after the bill became law.

The National Guard and all reserve units would, in effect, be frozen on the date the law went into effect. Men of draft age, from 19 through 25, would not be given a draft exemption for joining the guard or reserves after that time, but youths of 18 could escape the draft by joining and remaining in the guard or reserves as long as the draft continued in effect.

TRUCE SPOTTY
IN COSTA RICAGovernment Officials
Flee From Capital

San Jose, Costa Rica, April 21. (AP)—Former President Teodoro Picado Michalski and about 35 other ex-government officials fled to flee revolt-torn Costa Rica today. Armed troops roamed the streets of San Jose and sporadic shooting was heard, despite peace agreements aimed at ending civil war.

The former officials booked reservations on Pan American planes less than 24 hours after the peace agreement was signed by Picado and a representative of Jose Figueres, the rebel chief who led the successful uprising after a presidential election was annulled last month.

The International airport has been taken over by a small group of mobile unit soldiers, but many militiamen (forces of the former government) still remain there. The airport has been badly damaged during the revolution.

More than 500 armed militiamen roamed the capital's streets last night. They have been demobilized and efforts are being made to disarm them, since it is feared that unless they are evacuated from San Jose immediately, new uprisings may break out.

Yesterday, militiamen, unaware of the peace agreement, were attacking Figueres' patrols near San Isidro.

Pictures of Stalin
Win Stalin Prizes

Moscow, April 21 (AP)—Stalin prizes were awarded today in the fields of music, ballet, painting, sculpture, architecture and drama, opera and ballet production.

The awards included: Lithuanian, a first prize of 100,000 rubles (\$18,867), for his cantata "Stalin."

Joseph Toldize, first prize for his picture "Stalin's speech at 24th anniversary of October revolution" and for a portrait of Stalin.

Anatoly Yar-Kravchenko, second prize of 50,000 rubles, for his picture "Gorky Reads to Stalin, Molotov, Voroshilov."

Mikhail Khmelkov, second prize for his picture of Stalin drinking a toast to the Russian people.

Overdose of Whisky
Kills Miner's Son

Wytheville, Va., April 21 (AP)—Lee Martin, 40, a coal miner, will go on trial in Wythe county circuit court at 10 a. m. next Tuesday on a charge of killing his four-year-old son by giving him an overdose of whisky.

Martin claimed his son, Luther C. Martin, was given a dose of whisky for medicinal purposes on Monday, March 15. The child died the next day in a hospital here.

STEEL WORKER KILLED
Detroit, (AP)—John C. Tate, 28-year-old worker in a steel treating plant, was killed Tuesday when a pickling vat exploded.

Two other workers, Charles Boise and Theodore Stronsky, were spattered with molten salt and taken to Receiving Hospital in serious condition.

LEWIS URGES
MINERS TO GO
BACK IN PITSSTILL BIGGER FINE
MAY BE SLAPPED
ON UNION BOSS

Washington, April 21 (AP)—Coal operators today asked for a court injunction to bar payment of miners' pensions under the recently arranged settlement plan.

Erza Van Horn, trustee of the miner's pension and welfare fund, said he filed suit to bar payments from the fund "until the court has had an opportunity to determine the validity" of the pension arrangement made by John L. Lewis and Senator Bridges (R-NH), the other two trustees.

Washington, April 21 (AP)—Judge T. Alan Goldsborough today issued a ban against a soft-coal strike for about 80 days.

This injunction replaces a temporary court order which John L. Lewis was found guilty of violating.

Production picks up
Pittsburgh, April 21 (AP)—Widespread idleness throughout the soft coal fields today followed John L. Lewis' wish for an immediate work return—but signs were strong that normal operation of mines was not far off.

In several states, locals of the United Mine Workers scheduled meetings today to vote on work resumption. Many union officials expected full production to be restored by tomorrow, or Monday at the latest.

Some thought normal crews would be at work late today.

Lewis' lawyers fought against the order with the argument there is now no strike and that the injunction, issued under the Taft-Hartley law, was unconstitutional.

The court fight was before Judge T. Alan Goldsborough who fined Lewis \$20,000 personally and the United Mine Workers \$1,400,000 yesterday for contempt of a temporary court ban against a strike.

The temporary ban expires Friday. Government attorneys were back in Goldsborough's court asking him to replace the temporary "no strike" order with an injunction running for 80 days. Figured from the time of the original order, this would forbid a mine walkout before July 1. Lewis' lawyers sought to have the injunction annulled.

Communist Banner
Cut Down At MSC

East Lansing, April 21 (AP)—The Communist flag fluttered briefly over the Michigan State College campus Tuesday.

The crude, home-made flag, fashioned from a four by six foot sheet dyed red with the star, hammer and sickle in yellow sewn on it, was discovered flying from the flag pole in front of Demonstration Hall, ROTC headquarters.

The flag was discovered by a night watchman. Ropes to lower it from the staff had been cut and a workman had to be elevated on a construction crane to cut down the banner.

College authorities were conducting an investigation but dismissed the incident as "a school-boy prank."

Horse And Buggy
Holdup-Killer Asks
Release At Prison

Lansing, April 21 (AP)—Governor Sigler took under consideration today the State Parole Board's request he commute the life sentence of Roscoe J. Sloat, who has served 30 years in prison for a horse and buggy stickup-murder.

Sigler fixed May 24 as the deadline for objections to be filed. Sloat, 50, was convicted in Saginaw county for the shooting of Rundell Merrill in his horse and buggy near Oakley, Sept. 16, 1917.

Sloat is serving his sentence at the Marquette branch prison.

CONTRACT AWARDED

Ludington (AP)—The Moline Construction Co. of Escanaba has obtained the construction contract for a municipal service building here. Cost of the project will be \$155,000.

Delta County Civic
Leader, Judd Yelland,
Is Claimed By Death

Attorney Judd Yelland, 81, former Probate Judge, dean of the Delta County Bar Association and a prominent civic leader in Escanaba for many years, died this morning at 6 o'clock at the family home, 530 South 9th street.

Mr. Yelland, senior partner with his son, Harlan J. Yelland, in the law firm of Yelland and Yelland was active up to the time of his illness, and took part in the proceedings of the January term of Circuit Court.

Born in Saline, Mich., March 1, 1868, he received his early education in Howell, Mich. Following his graduation from high school, he enrolled as a student in the law school of the University of Michigan at Ann Arbor, finishing the course in 1890. Returning to Howell, he opened a law office there, but a decade later in 1901, came to Escanaba, and had lived here since that time.

He filled the position of prosecuting attorney of Delta county from 1905 until 1909 and then was elected judge of Probate Court, serving uninterruptedly until 1933. In that year he formed the partnership with his son, in the law firm in which he was active up to the time of his death.

Mr. Yelland owned one of the finest law libraries in the state and few men were more familiar with its contents, his discriminating study continuing throughout his life.

He was a staunch member of the Republican party, and a leader in party politics, serving for many years as chairman of the Delta County Republican committee. He worshipped at the First Presbyterian church and fraternized with the Elks lodge and with the Knights of Pythias.

Services Saturday
He is survived by his wife, the former Maude Graham, one son, Attorney Harlan J. Yelland; one daughter, Mrs. Bradford Simmons, the former Margaret Yelland, and six grandchildren: Judd, Harlan John and Robert Scott Yelland, George Bradford Simmons III, and William and Judd Simmons.

Funeral services will be held Saturday afternoon at the First Presbyterian church, with Rev. James H. Bell officiating. Cremation will follow. The body will be at the state funeral home Friday afternoon at 2 o'clock.

TAFT TANGLES
WITH STASSENTwo Candidates Square
Off In Ohio Race

BY H. H. DAUGHERTY
Columbus, O., April 21 (AP)—Sen. Robert A. Taft and former Gov. Harold E. Stassen of Minnesota squared off in Ohio today in their battle to win Buckeye delegates for the Republican presidential nomination.

For Stassen, who was to arrive at Dayton by plane this morning, the next four days will be geared to the whirlwind campaign pace he followed in sweeping to primary victories in Wisconsin and Nebraska earlier this month. Ohio's primary is May 4.

Taft, on the other hand, takes official cognizance of the stiff battle he expects the Minnesotan to wage for 23 of Ohio's 53 delegates by starting a steady campaign in 11 districts where Stassen opposes him. Stassen seeks delegates in Ohio's industrial regions, and Taft opposes an ambitious speech-making, personal appearance tour with six talks in the key northeastern Ohio sector today.

The favorite-son candidate is scheduled today at Ashabula, Jefferson, Niles, Youngstown and Warren, with two appearances in the latter city.

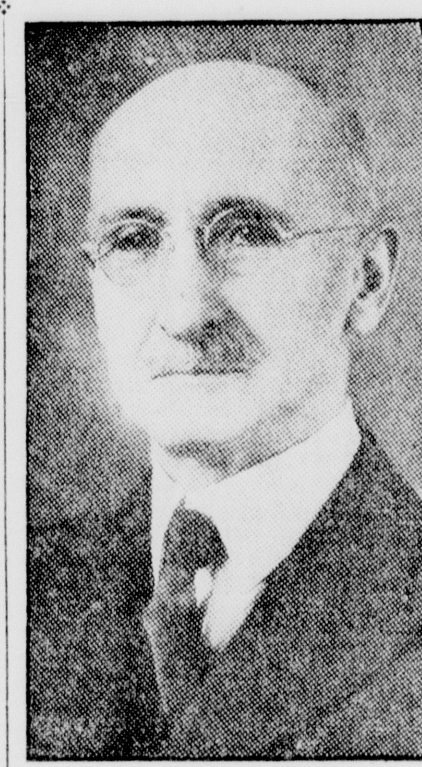

Stassen took the southern route, in the third district embracing the industrial communities of Dayton, Hamilton and Middletown.

Tiger of Malaya's
Widow Visited By
American Captain

Tokyo, April 21 (AP)—An American captain today visited the widow of Gen. Tomoyuki Yamashita, wartime "Tiger of Malaya" who was executed in the Philippines for his war crimes.

The captain, C. F. Helderman of Charlotte, N. C., was carrying out Yamashita's last request. He was in command of the prison camp where the general was held before his execution.

Helderman was rewarded with an armload of flowers from the widow and the general's parents.

JUDD YELLAND

COUNTY RELIEF
BILL ON SHELFNew 4-H Building At
Escanaba Approved

Lansing, April 21 (AP)—Legislation to force the counties to bear nearly \$7,000,000 more of direct relief costs was killed in the Senate today.

The Senate health and welfare committee shelved the bill on the grounds it had drawn too much local opposition.

It was advanced as a measure to help balance the state's budget.

For nearly three hours the Senate finance committee battled to save its compromise \$11,222,000 construction appropriation for state institutions. It had mixed luck.

Lt. Gov. Eugene C. Keyes won his long fight to stymie the new Northville Mental hospital when the Senate in committee of the whole eliminated the last \$120,000 for that institution's utility services. The finance committee previously had eliminated \$5,250,000 to start construction.

The chamber added \$167,000 to complete a tuberculosis laboratory, which the committee had eliminated, and \$10,000 for a 4-H club building at the Upper Peninsula state fairgrounds.

Rival Unions Fight
On Canadian Ships

Windsor, Ont., April 21 (AP)—Provincial police stood by today to prevent recurrence of recent outbreaks between two rival Canadian Seamen's Unions.

Twice within two days, members of the Canadian Seamen's Union have forced rival Canadian Lake Seamen's Union workers to leave freighters stopping at Ontario ports on the Detroit river.

Yesterday police reported a dozen CSU members carrier clubs, hose lengths and wrenches aboard the S. S. Superior at Windsor and Amherstburg. The crew of 15 left the vessel.

House Bill Provides
Jail Term For Reds

Washington, April 21 (AP)—A House bill to expose Communists and subject their leaders to fines or jail terms comes up for final committee approval today.

Members of the Un-American Activities Committee hope to drive it to House passage before the end of the month. They claim support of the GOP leadership and a big majority of House members.

Bomber Disappears
With Crew Of Ten
After Leaving Guam

Tokyo, April 21 (AP)—A B-29 with a crew of 10 disappeared on a training mission yesterday over the western Pacific, U. S. 20th Air Force Headquarters reported today.

More than 50 air force planes are searching for the big bomber. The B-29 left Guam yesterday on a training mission to Farallon De Medinilla Island, 350 miles north of Guam.

FLOOD CONTROL PUSHED
Washington, April 21 (AP)—A total of \$1,010,000 for flood control projects on the Red Run and Clinton rivers in Michigan was approved today by the House Public Works committee.

REUTHER SHOT
IN WINDOW OF
DETROIT HOMEUNION CHIEF BADLY
HURT, MAY LOSE
RIGHT ARM

Detroit, April 21 (AP)—Red-haired Walter P. Reuther of the UAW was seriously wounded by a stealthy gunman Tuesday night. His attacker crept to a lighted kitchen window, fired a shotgun blast into the room and then fled into the night.

Reuther's arm nearly was torn off by the slugs. However, doctors said today it would be saved from amputation. He is expected to recover.

Letters Make Threats
As Detroit launched one of its greatest manhunts in years, Reuther's private secretary said he had received two recent unsigned letters threatening him with harm.

Mrs. Gwen Martinson, his secretary for about six years, said one writer attacked him for his fight against Communists in the ranks of his big CIO United Auto Workers. The other criticized his campaign to admit Negroes to public bowling tournaments.

"He gets a lot of crank letters and I throw these away," Mrs. Martinson said.

Prosecutor James N. McNally said three neighbors of Reuther told him a single man ran afoul to a red sedan idling near the curb at the time of the shooting. The car jerked into motion and sped away.

Jack Harvill, detective chief, said a sawed off shotgun may have been the weapon. It was fired about eight to 10 feet away from the lighted window.

Rewards Posted

The UAW chief's physicians said that only the fact that Reuther turned toward his wife at the moment the gun was fired saved him from receiving the slugs in the chest. That sudden unexplained move saved him.

Meanwhile, the international executive board of the UAW offered a \$100,000 reward leading to the arrest and conviction of any person or persons responsible for the attempted murder. Earlier, the city of Detroit offered \$10,000 and a local union \$1,000.

Police Commissioner Harry S. (Continued on page 16)

Truce Enforcement
By United Nations
Asked in Palestine

Lake Success, April 21 (AP)—The United States decided today to call on the United Nations security council for action to back up its unneeded Palestine truce demand.

A spokesman for the American delegation said the U. S. would propose creation of a U. N. truce commission and might also propose formation of military forces to assist such a commission.

Chief U. S. Delegate Warren R. Austin was understood to be ready to ask the council this afternoon to arrange an early meeting to take up the truce enforcement issue.

7064 TREES ON CITY'S STREETS

Annual Report Filed
By Forester

Escanaba's streets are lined with 7064 trees, the annual report of City Forester Bob Clayton reveals. A total of 5376 trees are regarded as suitable species and the remaining 1688 are listed as unsuitable species.

Norway maple trees are the most popular trees in the city, the report indicates, 2336 of this species being included in the total. American elm of which there are 1336 along the streets of Escanaba is second in popularity. Other species that are labeled suitable and their number in Escanaba follow: columnar maple 10, Schwedler maple 13, sugar maple 746, red maple 632, red oak 116, horsechestnut 7, green ash 7, white ash 32, red ash 23, yellow birch 2, white birch 16, basswood 23, English elm 1, cork elm 32, mountain ash 14, ironwood 3, thorn apple 1 and black maple 1.

The unsuitable trees and their number follow: silver maple 639, box elder 759, Chinese elm 125, Carolina poplar 15, balsam of gilead 4, Lombardy poplar 2, pin cypress 10, black willow 1, black cherry 4, catalpa 1, ginkgo 1, apple 2, plum 1, Moline elm 1, red elm 45, tree of heaven 1, red pine 1, white pine 4, balsam fir 1, white cedar 3 and white spruce 20.

The city nursery now contains 2331 trees and plants as follows: small Norway maple 309, large Norway maple 14, columnar Norway 96, Schwedler Norway 25, small sugar maple 247, large sugar maple 19, small red maple 228, large red maple 26, small red oak 226, large red oak 15, green ash 10, miscellaneous 44, evergreens 491 and shrubs 490.

The total of 7064 trees on the street at the end of 1947 is a reduction of 81 trees from the previous years. There were 122 trees removed during the year and 41 trees planted by the city forestry crew.

Mrs. Scribbling, 84, Resident Of Harris, Claimed By Death

Mrs. Charles Scribbling, 84, resident of Harris for the past 28 years, died Tuesday at 10:30 p. m. at the family home. Mrs. Scribbling had been ill for the past four years, but was seriously ill only two weeks.

She is survived by her husband and one daughter, Mrs. Matthew Clark, and two grandsons, John and Anthony Clark, of Bark River. Mrs. Scribbling was born Sept. 29, 1863 in Stargard, Yugoslavia, and following her marriage came to the United States in 1908. The Scribbings settled in North Escanaba and resided there until 1920, when they moved to their Harris farm.

The body was taken to the Boyle funeral home and will lie in state Thursday at 10 a. m. Funeral services will be conducted from St. George church in Bark River, Friday at 9 a. m., with Father Neil Stehlin officiating. The requiem high mass. Burial will be made in the family lot in Bark River cemetery.

The rosary will be recited in Boyle funeral chapel at 8 p. m., Thursday.

Effort To Consolidate Drives Explained Here

The plan of the United Health and Welfare Fund of Michigan to federate into one drive the annual appeals of voluntary health and welfare agencies as a means of eliminating the multiplicity of campaigns was presented to a representative group of local campaign leaders at a meeting in the Chamber of Commerce office here yesterday afternoon.

Don Wardell, of Lansing, the Fund's field representative, explained the project. Several objections were raised, but the group approved continued study of the federation plan, and James H. Jackson, of Escanaba, who presided, was instructed to appoint a committee to look into the matter in greater detail.

Among those attending were Harry Brackett, veteran campaign leader; Carl G. Nelson; William Warrington, chairman of the Crippled Children's Fund; Leslie Olson, chairman of the National Foundation for Infantile Paralysis; Alice Potter, president of the Business and Professional Women's club; Mrs. A. M. Gilbert, Delta County commander for the American Cancer society; Mrs. K. F. Harrington, chairman of the Tuberculosis Seal sale; Mrs. L. L. Farrell, Campfire Girls' chairman; John A. Lemmer, local director of Fund, and Ted Sohlberg, of Gladstone.

Not A Chest Movement
"This is not a Chest movement but rather a federation to combine the annual campaigns of 14 national welfare agencies either conducting drives in Michigan or contemplating operating in Michigan," Wardell said. "The number of campaigns being conducted in communities of the state range from five to 52, and it appears that there is a steadily increasing number of campaigns."

The United Health and Welfare Fund of Michigan, he explained, was organized July 15, 1947, at a meeting called in Detroit by Henry Ford II, which was attended by 125 community leaders representing all sections of the state.

Its board of directors of 200 persons represent 63 counties of Michigan. John A. Lemmer, Escanaba, is Delta county's representative.

The reason for Wardell's visit, it was pointed out, is that directors of the Fund believe one of the first and most important steps in organizing the federation is to form county sponsoring committees to explain the plan to the people at large.

Major Agencies Reluctant
"We believe the people will enthusiastically welcome the health and welfare plan when they realize they can adequately support the agencies in which they are interested without the annoyance, confusion and work of one campaign right after another," Wardell said.

"Conferences with major health agencies last year found them reluctant to enter into a federation," he explained. "Organization of county sponsoring committees will indicate to the agencies the degree of interest the people have in federation."

The aim of the Fund is to simplify health and welfare campaigns by organizing one drive to raise funds for such agencies as the March of Dimes, Tuberculosis Seal, Cancer society, Crippled Children's Fund, Red Cross and others.

Multiplicity of drives, the inequity between the need and money raised and the inequity of quotas were cited by Wardell as principal reasons for organization of the Fund, which proposed to establish budgets on the basis of need and ability to provide service to determine equitable assignments of quotas and to federate appeals and conduct one campaign for the entire autumn.

Objections Raised
Among the objections raised at yesterday's meeting here were the additional bookkeeping involved, the impracticability of an efficient county carrying the load for an inefficient county, inclusion of causes without local interest and the difficulty of procuring individual subscriptions, pledges or donations to cover all agencies.

The expense of conducting campaigns in Delta county has been held to a bare minimum, Wardell was told. In one instance cited, the expense was about two percent of the total raised. Elsewhere, administrative expenses have risen as high as 39 per cent.

Asked if the reaction in Delta county was similar to that of other counties in Michigan approached thus far, Wardell said "perhaps more objections were raised here because Delta county has had more experience in conducting health and welfare campaigns."

K. of C. Initiation—First degree initiation was conducted by Escanaba Council, Knights of Columbus, last night for a class of 17 candidates. The meeting was marked by a large attendance.

Forest Fire Meeting—All fire personnel and game division men of the conservation department district, including Delta, Marquette and the western half of Alcona counties, met yesterday at district headquarters' office in Escanaba. The spring fire prevention conference was conducted by John Angulim, Marquette, regional fire technician.

At Lions' Meeting—Norman Dalke, Henry Peterson, Ray Cormier, John Stoll and Merrill Larson attended the Cornell Lions' club meeting at the Cornell hall last night.

Union Sponsors Dance—A dancing party, sponsored by the International Ladies' Garment Workers, local 421, Escanaba, will be held at Carpenter's hall Thursday evening. Music will be furnished by Chet Marrier and his band.

School Of Instruction—The Delta County Parent-Teacher association school of instruction will be held in the library of the Junior high school in Escanaba tonight, beginning at 7:30 o'clock.

A new electronic calculator has a "memory" capacity of 400,000 digits.

Scientists have identified a third of a million kinds of plants.

MUSIC FESTIVAL IS SLATED HERE

Sam Ham To Adjudicate U. P. School Groups

The annual music festival for orchestras and choruses in Upper Michigan high schools will be held in Escanaba May 8, at the junior high school. Participating in the musical critique are 15 high school orchestras and choruses.

Prof. Sam Ham, former head of the music department of DePauw university and Simpson college, will adjudicate.

The traditional massed orchestra and massed chorus concert will be presented in William W. Oliver auditorium at 8 p. m., May 8. The orchestra will consist of 112 members of the various school orchestras and the chorus is comprised of 341 voices.

The annual high school band festival will be held at Northern Michigan College of Education May 1. Escanaba senior high school will send 40 band members.

World Government Forum at U. of M.
A world government college forum will be held at the University of Michigan April 23-25 as part of its activities during student International Relations Week, April 19-26. The forum, which many high school students will attend, is sponsored by the University of Michigan Student Chapter of the United World Federalists.

Students will hear prominent speakers discuss world government, atomic energy and the United Nations and will participate in panel discussions.

Dr. Edward Teller, atomic scientist and a member of the University of Chicago institute of nuclear studies; John Schmidt, Detroit patent attorney and exponent of Clarence Streit's "Federal Union" plan; Dr. Paul Schillip, professor of philosophy at Northwestern university; Dr. Frederick Schumma, professor in Williams college, and author of "Europe on the Eve"; Wallace Thorsen, international relations professor at Loomis college; and Helen Ball, national director and secretary of United World Federalists, are among principal speakers for the forum.

Preston Slosson, professor of history at the University of Michigan, is honorary chairman. Irvin Robinson, of the Michigan Student Federalist executive council, is coordinating chairman.

Parents Tie Son Up To Post In Cellar
Lansing, April 21. (AP)—Mr. and Mrs. Eric Hedin of Delhi township today were charged with neglect and contributing to the delinquency of their 11-year-old son, found tied to a post in their basement.

Prosecutor Charles R. McLean said the 11-year-old boy, William, told state police he had been tied up for about three hours.

Driver Education Workshop At NMC

A workshop in driver education will be held at Northern Michigan College of Education in Marquette, April 23-30 under sponsorship of the college in cooperation with the American Automobile Club of Michigan, the National Safety Council, the Michigan Safety commission, the Michigan State Police and the Michigan Department of Instruction.

Among leaders and speakers who will assist with the conference are E. A. Ferns, of NMCE; and President H. A. Tape, of NMCE; W. C. Hoppes, of NMCE; Amos Neyhart, of AAA; Ernest R. Davis, of the Michigan Automobile club; Bayard Clark, of automobile club; Capt. C. J. Scavarda, of the Michigan State Police; Wayne Hughes, of the National Safety Council; and Maxwell Halsey, of Michigan Safety commission.

The conference will embrace discussion of problems and techniques in road training, classroom materials to be taught, and the value of psycho-physical testing. A movie of driver education will be made by workshop members at the close of the conference.

Marquette Utility Head Resigns Post

Marquette, Mich.—Henry L. LaFountain, head of the department of light and power, resigned at Monday night's meeting of the city commission, ending more than 20 years' of municipal service.

He was not present at the commission session, but sent a letter of resignation which read: "I have decided to accept the offer which gives me a greater income and therefore would appreciate having the approval of my resignation, effective at once." It was referred to City Manager James R. Pollock.

LaFountain, a native of Iron Mountain, started work for the municipal light and power department in November, 1925, as an oiler at the Diesel plant. He was appointed superintendent of the department Jan. 1, 1943.

Sluggish motor starting may be caused by a loose contact in the switch or a dirty commutator.

START DEFENSE IN HUTTE CASE

\$40,000 Damages Sought
For Personal Injury

Mr. and Mrs. Alphonse Beauchamp of the Fairfield Dairy near Brampton, defendants in a \$40,000 personal injury suit brought against them by Gordon Hutte, 35-year-old Brampton postmaster, this afternoon began to present defense testimony before a circuit court jury.

Judge Thomas A. Landers is presiding in the case, which opened Monday and may not go to the jury until tomorrow.

Counsel for Hutte has presented testimony to support the plaintiff's claim that Hutte suffered injuries resulting in permanent disability when he fell from a wagon Aug. 14, 1944, while employed by Beauchamp. The fall was caused, Hutte testified, when he tripped on a wire on the wagon. Hutte received hospital treatment and now has an atrophy of the muscles in the left shoulder, according to the testimony of a physician.

The defense will attempt to show that the wagon was not owned by Beauchamp, and that Hutte's own negligence was responsible for his fall. Alphonse Beauchamp, recalled by the defense for cross-examination, denied that he had ever told Mr. and Mrs. Hutte that he, Beauchamp, "would take care of all expenses." He also denied that he had told Hutte that it was his, Beauchamp's, failure to fix the wire on the wagon that had caused Hutte's accident.

The jury hearing the case is composed of Jonas Sjogren, Nahma; Otto F. Manthey, Ovilla Savard, E. C. Villeneuve, Lorraine Owen and John E. DeChantel of Escanaba; Mrs. John P. Strand, Gladstone; Bert J. Ray, Cornell; Henning E. Johnson, Ensign; Fred Van Remortel, Fayette; Rufus Spalding, Garden; and William J. Goodreau of Wells township.

Rev. Gustav Lund Is Board Officer

The Rev. Gustav Lund, pastor of Bethany Lutheran church in Escanaba, was elected to the executive board of the Evangelical Lutheran churches in Upper Michigan and Wisconsin at the annual meeting of the Superior conference in Wisconsin Rapids.

Rev. Theodore Johnstone of Ironwood was elected president; Rev. Theodore Rybeck of Marquette, vice-president; Rev. J. E. Dahlgren of Sault Ste. Marie, secretary; and Harold Lindholm of Iron Mountain, treasurer. All officers were re-elected.

Other members elected to the executive board are Rev. A. B. Pearson of Iron Mountain, Dr. Hjalmer Bergh of Marquette, and Carl Rued of Wisconsin Rapids. Named to the board of Christian service were Rev. Oscar Purn and Ben Carlson of Iron Mountain; Rev. Robert Johanson of Marinette; Rev. G. A. Herbert of Manistique; and Fred Bengston of Marinette. The chief duty of this board is supervision of the Luther Home for the Aged in Marinette.

Rev. Leslie Larson of Wisconsin Rapids was elected to the commission of parish education. Alfred Reiter of Marquette, lay representative on the synodical council; Simon Bolin of Menominee, alternate; Rev. Harry Lundblad of Menominee, four-year term on the board of education for Augustana college, and Dr. Stanley Sundin of Ishpeming, a three-year term on the college board of directors.

ELKS 80 YEARS OLD—Lafayette A. Lewis, Grand Exalted Ruler of the Benevolent and Protective Order of Elks, is pictured above as he placed a bronze plaque on the ancient and famous old building, formerly known as Military Hall, at 193 Bowery, New York City. Lewis' action signaled the 80th birthday of a vast fraternal welfare organization which has grown from 15 New York actors to its present membership of 950,000 public spirited men with 1478 Elk lodges scattered through every state in the Union according to E. A. St. Martin, exalted ruler of Escanaba lodge 354.

It was on February 16, 1868, that a group of actors, headed by an Englishman, Charles A. Vivian, organized the first Elk Lodge, New York "Mother Lodge" No. 1 in Military Hall and, with no political, commercial or religious interests, started the great order which has raised among its own membership and disbursed for countless charitable purposes more than eighty million dollars in addition to untold additional sums spent by local lodges. The aims of the founders are those followed by the Elks today. As stated on the plaque they are, "to inculcate the principles of charity, justice, brotherly love and fidelity and to quicken the spirit of American patriotism."

Obituary

MRS. WILLIAM LALANDE

Funeral services for Mrs. William LaLande of Rapid River were held yesterday at the Congregational church with Rev. Serge F. Hummon officiating. Burial was in Rapid River cemetery.

During the service, Mrs. Hummon sang two hymns, "Crossing the Bar" and "Sometime We'll Understand."

Pallbearers were Albert Juneau, Edward Lancour, Del Kniskern, Archie Potvin, Jack Miller and Ned Short.

Those at the rites included Mr. and Mrs. Solomon LaMaire, jr., of Milwaukee; Mrs. Elmer LeMaire, Chicago; Mr. and Mrs. Carl Peterson and Luella and Fay, Marinette; Mr. and Mrs. Joseph LaLande, Mrs. Charles Burnette and Mrs. Ragnar Johnson, Iron River; Mrs. Harvey Groleau, Gladstone; Mrs. Edna Kewley, Crystal Falls; and Mrs. Frederick Hafeman and Irving Hafeman, Powers.

LOUIS DERUSHA

Funeral services for Louis Derusha, resident of Escanaba for the past two years, will be held at 11 Thursday morning at Whitefish Point cemetery, where burial will be made.

The body has been entombed here for three months and is being taken to Whitefish Point for burial.

Two Escanaba Boys Will Be Honored At Michigan U.

Two Escanaba University of Michigan students are among the 1,015 to be honored at the annual honors convocation in Hall auditorium April 23. They are James G. Degnan, freshman in the literary college, and David M. Locke, also a freshman in the literary college.

Other students from this area who will receive honors are Merrill Nels Johnson, of Manistique, Michigan Law Review Board; Betty Jean Hansen, of Iron Mountain, senior honors in the engineering college; Joyce Gendzwill, of Iron Mountain, junior honors in the literary college; William H. Mikulich, of Trautman, Fielding H. Yost honor awards; Jay P. Sanford, of Stephenson, junior honors in literary college and control board of intercollegiate athletics scholarship prize, and Jace Kesitalo, of Republic, sophomore honors in literary college.

Of the group to be honored at the university, 768 are men, 247 women. Dr. Lawrence McKinley Gould, president of Carleton college in Northfield, Minn., will be principal speaker at the convocation. Dr. Gould, a noted geologist-geographer and an alumnus of the U. of M., will speak on "Education and the World Crisis."

Dickinson County On Standard Time

Iron Mountain, Mich.—Although presented with petitions bearing signatures of 990 residents requesting observance of daylight-saving time during the summer months, the Kingsford city council last night for the third time this year refused to approve a shift which would place Kingsford in line with Iron Mountain and the remainder of the Upper Peninsula outside of Dickinson and Menominee counties.

During lengthy discussion several supporters of the petitions argued for observance of "fast time" to avoid confusion in the Iron Mountain-Kingsford community as regards bus and church schedules, shopping hours, radio programs, sporting events and other activities in which time is an important factor. Several in the audience spoke equally strongly in favor of keeping Kingsford on central standard time, stressing that most of the workers at the Ford plant, the city's main industry and source of livelihood, preferred "slow time."

Reburial Rites Monday For Raymond Anderson

Funeral services for Raymond C. Anderson, 25, son of Mr. and Mrs. Chris Anderson, 1008 North 16th street, Escanaba, who was killed in action with the United States Navy in the fighting at Iwo Jima, will be held at Immanuel Lutheran church at 2:15 Monday afternoon, with the Rev. L. R. Lund, pastor, officiating.

The body, shipped here for reburial from overseas under this nation's repatriation program, will be sent to Escanaba Saturday morning and will be taken to Anderson's funeral home.

The Escanaba young man, a fireman, first class, in the United States Naval Reserve, was killed approximately one year after going overseas. He was born March 10, 1920, in Calumet and began his military service Jan. 16, 1943.

After training at Great Lakes, Ill., and Norfolk, Va., he went overseas early in 1944. His last letter home was dated Feb. 12, 1945, and word of his death was received from the Navy Department late in March, 1945.

Before entering military service, he was employed at the Birds Eye Veneer company, and prior to that he was employed with the Escanaba Steam Laundry company.

Besides his parents, he leaves his widow, the former Jean Bernard, and two children, Jimmy Ray and Donna Kay; three brothers, Arthur, Arnold and Albert, all of Escanaba, and a sister, Mrs. Robert Swanson, also of Escanaba.

Services will be held at the funeral home at 2 prior to the service at Immanuel Lutheran church,

RAYMOND C. ANDERSON

and military services also will be held at the grave in Gardens of Rest cemetery.

For Protection Against

TOUGH WEAR

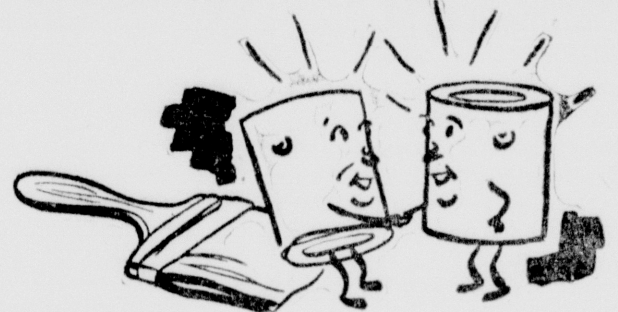

use MOORE'S PORCH and DECK PAINT

Here's an honest-to-goodness paint made especially for use on wood or canvas decks of porches or boats, steps and floors of porches and terraces where exposure to weather—the stuffing of many feet—human and canine—is a tough problem to lick.

Brushes on easily and dries to a full, durable gloss. Doesn't spot white with water.

Paint problems are our specialty. Let us help you solve them with Moore products—famous for more than 63 years.

PARTNERS in PROTECTION

MOORWHITE PRIMER and MOORE'S HOUSE PAINT are a wonderful team. Both have the traditional qualities of all Moore Products—easy spreading, good covering, and exceptional wear.

MOORWHITE PRIMER is an unexcelled primer that provides an even, non-absorbent first coat for the finishing coat of Moore's House Paint.

MOORE'S HOUSE PAINT is made in an up-to-date line of colors.

We can help you. Drop in anytime at our store.

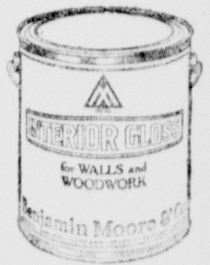

Lends Color and Cheer to Interiors

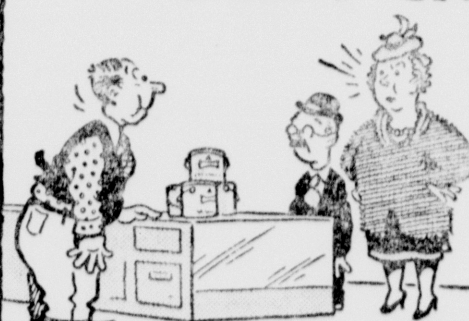

A Gloss Paint
DURABLE and
WASHABLE, too

MOORE'S INTERIOR GLOSS is a superior product especially developed for inside wall work and trim. Very economical, it is easily applied on plaster, cement, wood, wallboard or metal surfaces. Gives a high, durable finish that's washable. Kitchen fumes or bathroom moisture won't affect its fine, gloss finish. Spreads free and easy and dries overnight.

Visit our store and ask us about the many pleasing decorative results you can obtain by using Moore's Interior Gloss.

DON'T GAMBLE!

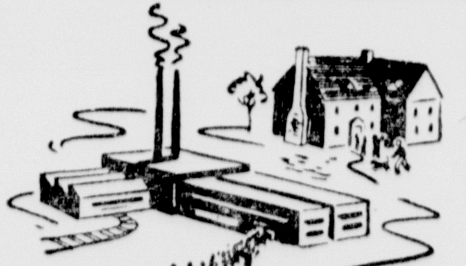

"I TOOK A CHANCE WHEN I MARRIED FILBERT, BUT I WON'T TAKE ANY MORE CHANCES—GIVE ME YOUR BEST FLAT WALL PAINT—SANI-FLAT."

• YOU won't be taking a chance if you always specify, and use SANI-FLAT. • Then you'll be getting the BEST flat wall paint that money can buy. • SANI-FLAT comes in attractive tints, colors and white, and innumerable color combinations can be made with it . . . You'll like it!

WHERE MANY FEET POUND AND SCUFF

Moore's Tile-Like Floor Enamel provides a tough finish especially made to withstand the day-by-day wear of heavy traffic both in home and factory! Resistant also to oils, grease or alkalis. Equally efficient on wood or concrete. Hence it is highly recommended for floors, stairs, enclosed porches—"where the going is hard and constant!" Easily applied, it gives a quick-drying, easy-to-keep-clean gloss finish in a good selection of colors.

Also excellent for radiators, machines and other metal surfaces. Just drop in at our address below for more details about this outstanding Moore product.

Magidoff's Expulsion

THE expulsion of Robert Magidoff, American correspondent, from Russia can be credited to the Soviet propaganda campaign to discredit everything and anything American. The evidence indicates conclusively that the Russians really do not believe that Magidoff was a spy for if they did they certainly would not accept Magidoff's assistant, Andrew Steiger of Pittsburgh, as Magidoff's successor.

Moreover the Russians are smart enough to know that if Magidoff really was snooping into secret Russian atomic developments and Soviet defense plans he would not be so crude as to leave telltale papers lying on his desk in open view of Russian members of his staff.

The letters that provided the excuse for Magidoff's expulsion were routine letters sent by McGraw-Hill publications to their correspondents all over the world.

In ordering Magidoff to leave the Soviet Union, the Russian propagandists served their purpose of casting suspicion on Americans in general. It fits perfectly into the Soviet "smear America" campaign. It may be presumed that more expulsions of this kind will be demanded by the Russians from time to time in the future.

Whether Magidoff was betrayed by the Michigan-born Russian citizen who was his secretary, Cecilia Nelson, formerly of Newberry, as the Russians charged, or whether the whole thing was trumped up completely by the Soviet press department, as Magidoff claims, is relatively unimportant. The only thing that is important from the Soviet viewpoint is that the incident aptly serves the Russian propaganda program.

School Organization

CITIZENS of Ensign, Bay de Noc and Masonville townships are again showing interest in a school reorganization plan, which would make possible the improvement of educational facilities at the central school in Rapid River.

An educational program has been launched to acquaint taxpayers with the benefits expected to accrue from the changing of the three townships into a single agricultural school district. High school children are now transported to Rapid River from Ensign and Bay de Noc townships, but the two sending districts having nothing to say about the administration of the Rapid River system. They merely pay tuition for the education of their children.

Tentative reorganization plans call for transporting seventh and eighth grade school children from the outlying communities to Rapid River. This would afford an opportunity for these young boys and girls to become acquainted with the school before entering high school. The plan is intended to reduce the number of rural children who quit going to school after they have either graduated from the eighth grade or attained the age of 16.

Reorganization would provide incentives that would encourage children to continue with their high school education. It would make possible the addition of courses in home economics, vocational agriculture, shopwork and other subjects, now denied to students who attend the Rapid River school.

School trustees of Masonville, Ensign and Bay de Noc townships revealed in their discussions at a recent meeting that they are primarily interested in providing the boys and girls of their communities with a higher standard of education. They want rural youth to have the same opportunities as those afforded the students of the city schools and such high grade agricultural schools as those now being operated at Stephenson, Carney, Beaverton and other communities in Michigan.

Contempt Of Court

JOHN L. LEWIS has been fined \$20,000 and the United Mine Workers union has been fined \$1,400,000 by Federal Judge T. Alan Goldsborough for contempt of court. Lewis escaped a jail sentence only because the government attorneys apparently felt that if Lewis was marched off to jail, he would be a martyr in the eyes of the miners. Presumably it was also felt that the miners who only recently returned to the coal pits would march out again in open defiance of the court order.

In convicting Lewis, Judge Goldsborough slashed through the thin veneer of the union leader's defense that he (Lewis) had no part in the miners' walkout. Judge Goldsborough said, "The suggestion that 350,000 men would get the idea simultaneously to walk out collectively is, of course, simply ridiculous." The judge's appraisal is based upon the only kind of common sense that could reasonably be exercised in this case.

Even granting that the public at large takes heart in the knowledge that there still are federal judges with the courage to defend the people against the defiance of

World Events Analyzed

BY MARQUIS CHILDS

Washington.—Ten days ago the president's council of economic advisers issued a report that was almost lost sight of in the swirl of headlines over Colombia, Russia, Berlin and other distant danger points. But that neglected report called attention to some danger points right here at home. While economists are inclined to use judicious language, avoiding any suggestion of the sensation, it is not necessary to read between the lines of this report to understand the deep concern it expresses. Essentially it is another warning of the threat of the blaze of inflation.

Because the council's warning was ignored, President Truman decided to make inflation, with its imminent peril to the nation's economy, the theme of his speech to the American Society of Newspaper Editors. He used much more blunt language than the cautious economic counselors.

MORE SPENDING FOR DEFENSE
Congress, the report points out in a strictly factual way, is engaged in putting more fuel on the inflation bonfire. A large part of this spending is rated as essential by the administration as part of the defense program. But it all stokes the fire.

On top of the \$5,300,000,000 foreign recovery program, the House has approved an expanded aviation program to cost \$3,200,000,000. On top of this will be the cost of an expanded Army and Navy, the manpower to be provided by a renewal of selective service.

At the same time, the blithe spirits in Congress voted a tax cut that will mean a loss of nearly \$5,000,000,000 in revenue. In their earlier reports, the council points out, they had assumed that this would not happen. Apparently no one has told the learned doctors that it is an election year.

So the flame of inflation flares out and it sears millions who are caught within its reach. The average householder is discovering that the basic things at the bottom of the pyramid are going up. His tax bill is higher and likewise his electric light bill.

What to do about it? The council proposes certain controls which would help to check the wildest scramble for scarce commodities. "Ordinary prudence," says the report, "requires that increased attention be given to perfecting a system of allocations, priorities and export and domestic use limitations which would build up adequate stockpiles and safeguard production under the defense plan against bottlenecks and breakdowns."

METALS CONTROL IS KEY
In other words, we must be willing to accept a minor degree of self-discipline in order to keep the house from being burned down. The key to control is above all in metals, and especially steel, which today brings in the gray or black market two or three times the list price.

A touchy question in an election year, the way in which such controls should be applied has been anxiously debated inside the administration. A first step would probably be to prevent any more steel from going into the manufacture of oil and gas turbines. The burden on the country's natural gas and oil supply is already strained to the breaking point.

The next step might be to restrict the use of steel for natural gas pipe lines. Consumers would not directly feel such restrictions. Fairly soon, however, it would be necessary to get down to the automobile industry, which consumes vast quantities of steel. Then you would hear a yell from the public.

One man who has a direct stake in this controversy is Paul G. Hoffman, newly appointed administrator of the European recovery program. The success or failure of what he is about to try to do—get Europe started toward economic well-being—may well depend on this very question.

The act he was named to administer gives Hoffman no prior claim on the goods necessary to ship to Europe. He and his aides must go into the market and try to locate the tractors, the fertilizer, the food that they decide the various European countries need.

It is not hard to imagine the difficulty that may arise. The ERP administrator authorizes The Netherlands to buy 1,000 tractors at factory X. The Netherlands purchasing mission hopefully places the order. But factory X has an order from the war department for tanks and a backlog of domestic orders. Factory X is not interested in the foreign order.

Consistently President Truman has argued the need for a minimum of controls. When he appeared before the Senate foreign relations committee, Bernard M. Baruch presented a comprehensive defense program which included essential controls here at home.

There is no sign that Congress intends to take the minimum steps necessary to keep the fire in check. No one likes to put on those curbs, especially at a time when the voters are conscious of what government is doing. But doing nothing also has its risks, and in this instance, very great risks.

process of becoming obsolescent even in New England. I know of a speech professor at a large Massachusetts college for women who is preparing to publish a book on the disappearance of the broad A in New England speech.

Elsewhere in the nation the broad A doesn't exist except as a conscious affectation. And I should like to emphasize to all actors, broadcasters, and public speakers that there is no surer way of losing friends and alienating people than affectation.

Do you have a phobia about using prepositions at the end of a sentence? If so, Mr. Colby's leaflet, C-9, will help you.

Prairie Fire

Good Evening

By Clint Dunathan

THE JURORS—Your chances of being drawn for circuit court jury duty in Delta county are about 1 in 100. So if your name is drawn from the list of registered voters, you are a lucky person indeed.

There are many persons, however, who do not consider themselves lucky in being notified to serve as jurors. Some of them hold positions that make it difficult to absent themselves from work for one, two, three or some other indefinite number of days.

In other cases, the juror loses money while serving on the jury, because the pay has not been high; and some people must travel back and forth for considerable distances to stay home at night and be available for duty in court in the morning.

RAISE IN PAY—For the persons now on the venire for the April term of circuit court, this inequity compared with last time on the job has been corrected.

Supervisor Ernest Carlson of Perkins can be thanked for getting the jurors a pay boost. He told the county board that \$4 a day for jury duty was mighty poor pay these days, and said that if the supervisors didn't want to give the jurors more, they should cut their own wages. The supervisors got \$6 a day when attending board sessions or committee meetings, plus mileage.

The supervisors agreed with Supt. Carlson and advanced the jurors' pay from \$4 to \$6 a day. State statute sets the mileage to be paid jurors at 10 cents per mile—but that applies only to one trip from home to the court house, and return. This leaves the juror out of pocket on traveling costs if he goes home nights, or takes the alternative of staying at a hotel overnight.

ON OR OFF—It may be confusing to jurors to report for duty and then sit on the sidelines through the court term without ever once hearing a case. This is the chance they run, for no one knows who will be in the jury box until the drawing of the names is completed, the court and the attorneys are satisfied, and the trial gets underway.

Those persons seem most likely to remain on the jury to hear the case when they know absolutely nothing about the case to be tried; never saw or heard of the persons involved in the suit; never had even a speaking acquaintance with the attorneys; never were involved in a similar situation resulting in litigation; and have confined their opinions to a speculation on whether the moon is made of green cheese.

If the juror seems more than mildly informed about anything, or has more than a meager acquaintance in his community, he is usually excused for one reason or another. This leads to the conclusion that the ideal juror is a mental wizard, whose powers of perception have been created in a vacuum.

EXCUSED—Even after the juror runs the gamut of questions concerning his knowledge of the case, and his association or acquaintance with the persons involved, he may still be excused without cause by counsel for either side. At least it is without cause so far as the juror can understand, for his name is suddenly called and he finds himself leaving the jury box, usually with an expression of bewilderment on

INTO THE PAST

Ten Years Ago

Escanaba—Raymond McDonough, who has spent the Easter vacation here with his parents, Mr. and Mrs. Ed McDonough, has left for Big Rapids to resume studies in Ferris Institute.

Escanaba—A. J. LeDuc, Stafford and Ruth LeDuc have returned from Milwaukee where they visited Mrs. A. J. LeDuc, who is a patient in St. Joseph hospital.

Munising—John Gatiss, of Chatham, was elected chairman of the Alger County road commission at its meeting held Wednesday morning.

Gladstone—Mr. and Mrs. Henry Lucier have left for Washington, D. C., to visit a month with their son, Wilfred Lucier.

Manistique—Miss Bernadette Boudreau, 17-year-old daughter of Mrs. Rose Boudreau, was seriously burned about the head and body Tuesday when gasoline she was using as a cleaning fluid exploded in her home. She ran to the home of a neighbor, Joseph Ferriek, who rushed her to Shaw hospital.

Twenty Years Ago

Manistique—Mrs. Grace Hynes left yesterday for Duluth, where she was called by the illness of her sister.

Escanaba—Miss Rose Helen Bink, daughter of Mr. and Mrs. N. A. Bink, and a student of the college of music in Marquette University, has been scoring a hit in the Alhambra in Milwaukee where she sings popular songs from "Maytime" and from the opera "Madame Butterfly."

Escanaba—Andrew Inia, 30, a local woodsman, died at St. Francis hospital this morning from injuries sustained when he was hit by an E. & L. S. train at Watson yesterday morning. Inia was sitting on the edge of the platform when the train came in, apparently unaware of the approach of the train.

his face. He may sit on another case, but not that one.

ENGLISH LAW—The American jury system is based in English law, as in fact is most of our court and legal structure. Trial by jury (the lawful judgment of his equals) was stated in the Magna Charta, 1215, and is the expression of the principle that a free man cannot otherwise be deprived of his liberty or property.

The petit (or petty) jury, such as hears circuit court cases in this country, is an outgrowth of an old English custom in which men of the countryside were summoned to testify in land disputes. The 12 men knowing most about the case were called upon to act as a jury and decide the facts. Originally, therefore, the Jurymen were witnesses as well, and the more knowledge they had of the case, the more fair and just was expected to be their decision.

In modern practice, as we have already pointed out, a man or woman is considered incompetent to serve on a jury if they have knowledge of the facts. In theory, all of the facts in the case are supposed to be presented in court, and the juror must base his decision only on what is presented in court for his information. From the evidence presented at a trial the modern jury can report: In a criminal case a verdict of guilty, or not guilty. In civil cases it may fix the amount of damages. It may also announce that it is unable to reach an agreement.

This failure to agree would have had embarrassing consequences in early England. Then if the jury failed to agree its 12 members could be carted to the edge of the county and thrown into a ditch.

The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—No legislative battle in recent years has witnessed so much back-stage wire-pulling and so much crimson on one cabinet member's face as the row over whether the U. S. A. should be defended by 70 air groups.

Ironically, the man who engineered the overwhelming 343-to-3 House vote for a big Air Force was the Navy's best friend in Congress—hard-nails Rep. Carl Vinson of Georgia.

The veteran Democrat not only browbeat the measure through the House, but outfoxed Secretary of Defense Jim Forrestal every step of the way. Finally, Vinson even performed the miracle of winning penny-pinching John Taber, chairman of the appropriations committee, over to a 70-group Air Force.

Here is the amazing, behind-the-scenes story:

For years as chairman of the House naval affairs committee, Vinson has gone down the line for the Navy. He was their best friend in Congress. But three weeks ago Vinson deserted the Navy, insisted upon hearing the Air Force's story simultaneously with arguments for the draft and universal training.

Afterward, Georgia Democrat Vinson huddled with Texas Democrat Lyndon Johnson, another Navy man now in air advocate, and the two scrawled a resolution on the back of an office memo, calling for a 70-group Air Force. Next day they hammered this resolution through the armed services committee by a 23-to-0 vote.

MUZZLING SYMINGTON

However, when Secretary for Air Stuart Symington appeared before the committee, Chairman Walter Andrews, New York Republican, warned him not to mention 70 groups. He must only testify regarding the draft and UMT, Andrews instructed. Andrews was elected to Congress by the people of Buffalo, New York, next door to the congressional district of Symington's father-in-law, G. O. P. Jim Wadsworth of Genesee, N. Y. Nevertheless Andrews did not want Symington to talk.

"Wait a minute," snorted Vinson. "We don't want any censorship."

The secretary for air, he claimed, had a right to say what he wished. Finally Andrews gave in. As a result, Symington was able to deliver his sensational warning that Russia is building planes 12 times faster than the U. S. A.

This enraged Symington's boss, Secretary of Defense Forrestal. Actually Forrestal had taken sides with the admirals and did his best to sabotage Symington's testimony.

First he sent an appeal to Vinson, urging him to come over to his office in the Pentagon building at once. They had been close allies in fighting for a powerful, two-ocean Navy, and Forrestal hoped to appeal to Vinson's old Navy loyalty.

But the leathery Georgian was in no mood to back down. He went to see Forrestal, but he brought along two close friends—Congressmen Lyndon Johnson and Paul Kilday, both Texas Democrats. Johnson had served in the Navy during the war and helped to straighten out Army-Navy rivalries.

Forrestal was cordial but insistent. Referring to the congressmen as "air seamen," he complained that they had gone back on him, urged that they delay their proposal for a 70-group Air Force until he got a report from the joint chiefs of staff.

"We have been getting reports on this for three years," snapped Vinson. He reminded Forrestal that 18 months ago, General Eisenhower had testified that the Air Force should not be allowed to fall below 70 groups.

"Eisenhower," said Vinson bluntly, "is enough chief of staff for me."

SOFT-SOAPING TABER

After failing with Vinson, Forrestal next tried to soft-soap nickle-pinching Appropriations Chairman Taber who usually can't see beyond a dollar sign. Forrestal's arithmetic easily convinced Taber that 70 air groups would cost money, and he promptly started to prune down the Air Force appropriations bill. The \$922,000,000 necessary for the 70-group program was omitted.

Scarcely had Taber reported the bill out of committee, however, than Vinson called in Johnson and Kilday.

"Forrestal has pulled the rug out from under the Air Force," he announced. "Now we'll have to pull the rug out from under Forrestal. We've got the votes but Forrestal has Taber. All we have to do is get Taber."

That same afternoon Vinson buttonholed Taber. If Taber would support a 70-group Air Force, Vinson said that he would back an economy measure to trim the procurement costs by \$100,000,000. This could be done by reinvoking the wartime clause which gave the Air Force authority to renegotiate profits. In other words, if a manufacturer was able to produce a cheaper plane than estimated, the Air Force could re-examine the contract and cut excess profits.

Taber called in Symington, asked whether he could get along on \$822,000,000 for 70 groups. The youthful air secretary, however said that \$922,000,000 was the rock-bottom figure. Next morning Vinson himself called Symington, described the plan to renegotiate profits. Symington then agreed to do his utmost to keep within the \$822,000,000 figure.

So an amendment was offered, raising the plane procurement fund by \$822,000,000 for a 70-group Air Force.

Believe it or not, but the author of the amendment was Taber, himself.

Note—While the House was passing the 70-group Air Force by a 343-to-3 vote, President Truman publicly rebuked Symington for upping the administration's 55-group program. Ironically, Truman climbed into the same political bed with Henry Wallacites.

HOOPER MURDER CASE APPEALED

Supreme Court To Study Plea Of 4 Hoodlums

Lansing, (A)—The brutal slaying of a state Senator and a sensational summer trial of four alleged hoodlums accused of plotting his slaying—was all reduced Friday to a pile of blue-covered books on the desks of the state Supreme Court.

After months of delay, the court received the appeal of four men convicted of planning the slaying of the late Senator Warren G. Hooper of Albion. A key witness of the State Grand Jury, Hooper was shot thrice through the head on a Jackson county road Jan. 11, 1945.

Four men tried and convicted by a Calhoun county jury that summer told the court through their attorneys that their trial was unfair. They are Harry Fleisher, reputed one-time leader of Detroit's infamous Purple Gang, Mike Selik, reportedly a gang member; Sam Fleisher, Harry's blonde young brother, and Pete Mahoney, described by Detroit police as a gambler.

The same two attorneys who fought to free the four at their trial—Edward H. Kennedy, jr., of Detroit, and R. G. Leitch of Battle Creek—put the defense again to the state's high court.

Kennedy and Leitch contended the trial jury was prejudiced by the "belittling" remarks of Kim Sigler, then special prosecutor and now governor. Sigler, they charged, resorted to a variety of court room tricks to get improper evidence before the jury.

The argued that adverse newspaper publicity affected the jury's judgement and that a simultaneous release of a prison scandal by former attorney general John R. Delhams added to the prejudicial atmosphere.

Kennedy pleaded especially for the pale-faced Mahoney, contending he was convicted on slim evidence.

Solicitor general Edmund H. Shepherd replied that the defense counsel had not objected during the trial to much of the prejudicial remarks they now complain of. He asserted the remarks of Sigler were not as serious as the defense claimed.

Press Fishing Contest For U.P. Open Today

With smelt cooperating by returning to most of their old haunts in good numbers and a few of the advance guard of the bay run perch now taking the hook, it looks like another banner year for fishermen already that means that it is high time the Daily Press Fishing Contest got underway. So this day marks the opening of the twelfth annual Escanaba Daily Press Upper Peninsula Fishing Contest.

As has been true since the series of contests was initiated, competition is open to all anglers who fish in Upper Peninsula waters. It is an attempt to locate the fishermen who have the skill to take advantage of the smiles of Lady Luck and succeed in landing the largest fish in each of the various classes. In recognition of the fact that by far the greater number of fishermen pursue the quest of fish for sport,

the contest places all its emphasis on single fish of notable size rather than upon numbers of fish taken from the water.

Rules of the contest, virtually unchanged from those in effect in previous years, will be found listed in full on the contest entry blank which will appear, from time to time, during the open fishing seasons in the Press. Each class will open with the legal opening of fishing for that species of fish. Thus, the smelt, perch and rainbow trout classes, for example, are now open; the brown and brook trout classes open on Saturday.

Every man, woman or child who fishes in the public waters of the peninsula is invited to enter his big fish in the contest. There is no limit to the number of entries an individual may make. There are no entry fees. Visitors to the region and resi-

dents are all eligible. The principal requirement is that the fish be taken legally.

As in previous years the 1948 contest is divided into classes, there are 14 listed on the entry blank, one for each of the more generally sought for species of fish. Additional classes will be added if interest as evidenced by the anglers' activities proves there is a need for them. To the fisherman fortunate enough to land the biggest fish in each class, the Daily Press will award a trophy.

In order to assist in judging the entries, fishermen entering fish are asked, whenever possible, to submit photographs of their fish along with the entry blanks.

Anglers may clip the contest blank when it appears in the Press, or may secure copies by mail on request to the Outdoors Editor.

Guide Sheet Prepared For New Income Tax

By FELIX B. WOLD
Detroit, (AP)—Any day now the boss will get the government's instructions on the pay check "take out" provisions of the new income tax law.

Responding to a clamor for help, Michigan's Office of the Collector of Internal Revenue promised that the withholding tax guide book would be in the mails shortly to 120,000 employers.

It won't be a book, actually, but a simple concise circular.

On that point the staff of Giles Kavanagh, collector for Michigan, likes to be clear in order to appease any bookkeepers in fear of harassment.

Michigan's employers in the last tax year received more than \$550,000,000 from the payroll into the government's treasury via the withholding tax.

How much it will be in the new tax year, considering reductions in the 1948 law, nobody will try to guess.

Some two and a half million workers are affected.

Performing a "hurry up" job, the internal revenue department must get out the explanations to employers before the end of this month.

The new withholding tax takes effect May 1, or exactly 29 days since Congress upset President Truman's veto to pass the law.

It's retroactive to last Jan. 1, and Uncle Sam eventually will pay up what he owes the individual taxpayer.

Kavanagh dwelt on some basic particulars of the new law.

The increase to \$600 in personal exemption will be taken care of automatically in the withholding procedure. The original form "W-4," now on file with the employer, will continue in good standing as the employee's "exemption certificate."

The previous personal exemption has been \$500.

There are additional exemptions in the new law. Here the boss needs a new withholding certificate from the affected employee.

One is the "age 65" exemption, also good for \$600. It applies both to the worker and to his or her spouse.

If a worker is 65, or if his 65th birthday comes on or before next Jan. 1, he gives the boss a new certificate in order to get the benefit.

The same is to be done in behalf of the spouse.

An identical \$600 exemption is provided in case either the worker or spouse is blind.

Congress liberalized that one before this, a blind wife, for example, wasn't entitled to an exemption unless she was a taxpayer herself. Exemption was available only if she had an income of her own.

Tax experts said the husband-wife "split income" provision of the new law was not of immediate concern.

At the moment it's the withholding tax which is going to need prompt attention.

The new law extends, federally, the benefits which fall under the community property law of Michigan and several other states.

Church Notes
Sunday services for Holy Rosary Church will revert to summer schedule. Rev. Father Andary has announced. Beginning Sunday, April 25, Mass will be at 8 o'clock and the following Sunday at 10:30 o'clock. Confirmation classes will meet each Tuesday and Thursday at 7 p. m., and at 3 o'clock, on released school time, on Wednesday afternoon. Wednesday classes will be conducted by Rev. Father Andary, and the following women will conduct the evening classes: Mrs. Herman Pettipren, Mrs. Farmer Masse, Mrs. Charles Bleckner, Mrs. Edward Erickson and Mrs. William Vaudreuil.

Miss Betty Nettleton has gone to Braberton, Florida, for an extended visit with her sister and brother-in-law, Mr. and Mrs. Sullivan.

Mr. W. Barney who spent the winter at the home of his daughter, Mrs. A. McAllister, Munising, has returned to his home here.

Public Auction
By Order of the Board of Directors we will on Tuesday, April 27th, 1948, at 11 A.M. (E.S.T.) Sell by Public Auction the
Manistique Tool and Manufacturing Company
One of the finest Tool, Gauge and Die Lamination Shops in the Country, on the premises
Manistique, Michigan (Upper Peninsula)

LAND
Beautifully landscaped 570' frontage, approximately 250' deep, on main highway US-2, and extends to railroad.

BUILDING
Approximately 10,000 square feet; cement block and brick veneer construction; Johns-Manville ten-year roofing; average ceiling height 13', 6" to 8" concrete flooring; Trumbull Buss lines throughout; fluorescent lighting; oil-fired heating system; oil storage tanks underground; glass-partitioned heat treatment room; partitioned tool crib; excellent office space consisting of executive offices, engineering and layout offices, general offices and lobby; ample washroom and toilet facilities throughout plant and office, sun shades and venetian blinds.

Chatham

Wednesday Night Club
Chatham, Mich., — Mrs. Vern Richmond was hostess to the Wednesday Night Club at her home April 14. First prize in 500 was won by Mrs. Richard Williams and Mrs. Oscar Johnson who tied for first place. Mrs. J. Donald Grenfell won consolation prize. Mrs. Toivo Kallio will be the next hostess.

Plan Birthday Tea
The third A and 4-B rooms are making plans for a birthday party to celebrate the birthday of all class members on April 27. A large cake with candles, one candle for each member of the class, will be the centerpiece. Hostesses for serving have not been selected. Games will be played and prizes awarded.

Rock River P. T. A.
The last meeting of the Rock River P. T. A. held Thursday evening April 15, at the high school, was well attended. Harold Lamb, of the Children's Center in Marquette gave a very informative and interesting talk on understanding your child. At the business meeting it was decided to have a meeting in May. Previously it was planned to make the April meeting the last one. At the May meeting, the new officers for the coming year will be installed. A report on the State P. T. A. Convention in Bay City to be held in April, will be made at the meeting by Mrs. Ramah Hostetter, who will represent the Rock River P. T. A. at the convention. The 3-A and 4-B Glee Club from the Chatham school will sing at this meeting. The session will be held May 20.

Hostesses in charge of refreshments for the May meeting will be Mrs. Louis Mikulich, chairman; Mrs. Archie Bonner, Mrs. William Haapala, Mrs. A. Haapala, Mrs. Signe Lake, Mrs. Matt Bell and Mrs. H. Lyons.

Birthday Party
Mrs. William Pelkie was hostess at a birthday party in honor of her mother, Mrs. Earle Brown, Friday evening, April 16, at the Pelkie home. Guests were Mr. and Mrs. Joseph Mayotte, Miss Lou Adams, William Brown, Munising; Mr. and Mrs. Vern Richmond, Chatham; and Earle Brown, Eben.

Mrs. Brown was presented with birthday gifts and lunch was served.

Personals
Mrs. Carl Christopherson is a patient in the Brasier hospital, Munising, where she was taken last Thursday morning as a pneumonia patient. She expects to return home this week as her condition is greatly improved.

Mrs. Ione Smydra spent last weekend at her home in Ontonagon.

Mr. and Mrs. EH Lampi left last weekend for Lyons, N. J., to visit their son Walter, who is a hospital patient there.

Mrs. Victor Michelson has returned to her home after spending a few days at the home of her brother, Gust Mattson in Carlshend.

A new photographic paper eliminates the need for a darkroom. Known as Velite, it can be safely handled without danger of fogging in normal room light, and can be developed under the light of a 60-watt bulb at a distance of only feet from the paper.

She has a telephone to call the garage . . . because telephone service is shared

Thousands of families enjoy the convenience and protection of a telephone right now—instead of waiting—because the party-line way shares existing circuits and central office equipment.

A line gives service to more folks when more than one telephone is connected to it. And because facilities are limited and there are applicants still waiting for service, in most communities only party-line telephones are being installed in homes. That's also why individual lines are not yet available to many party-line subscribers who would like to change over.

Meanwhile, we're working to hasten the day when everyone can have the kind of service he wants. Telephone factories are turning out more and more telephone equipment all the time and we're installing it just as fast as it comes in.

A GOOD PARTY-LINE NEIGHBOR
keeps his calls reasonably short . . . spaces them out . . . stays off the line when others are using it . . . and hangs up the receiver carefully after each call.

Trenary Juniors To Present Play

Trenary, Mich.,—"Here Comes Hattie," the junior class play will be presented on Friday evening April 23 at 8 p. m., in the high school auditorium.

"Here Comes Hattie" is a three act comedy by Paul S. McCoy. Tickets may be purchased from members of the junior class.

Lions' Club Minstrel Show
The Lions' Club members have started practice on their minstrel show, "The Darktown Minstrel Show," which will be given in the high school auditorium on Tuesday evening, April 27.

The members of the club who have been chosen for end men are: Carl Holmquist, Hans Hallinen, Russell Vito, Arthur Sarri, Daniel Malnar, Emil Casimer, Sidney Rivard and John Knaus jr. Francis Claude Elmoro is in charge of the music. The show is being directed by Mr. Homer Story.

Tickets may be purchased from

any member of the Lions' Club. **Personals**
Mrs. Carl Holmquist, daughter, Thelma and Bob Carlson, spent Sunday in Marquette where they visited Kieth Holmquist who is a patient at St. Lukes hospital. Willard Quarfoot, who has been

confined to his home the past two weeks with an infected throat is much improved.
Mr. and Mrs. Frank Wright, who purchased Ed Roberts' old lunch wagon, have moved it to Shingleton where they will operate a lunch stand.

CECELIA NELSON'S BIRTHPLACE—Helen Cecelia Nelson, who is involved in the Magidoff "spy-story" in Russia, was born in this home at 311 East Harrie street in Newberry. She left Newberry at the age of three when her parents moved to Massachusetts. (Pardee Photo)

Newberry Folks Watch Magidoff-Nelson Story

Newberry, Mich.—The Russian spy story, involving Robert Magidoff, NBC and McGraw-Hill Publishing company correspondent in Moscow, and his secretary, Cecelia Nelson, has been the chief topic of conversation in Newberry's Finnish community.

Helen Cecelia Nelson was born June 29, 1915 at 311 East Harrie street in Newberry, where her parents resided after they were married. She is an only child. Her father, Walter Nelson, and her mother, the former Edna Alto, were born in Finland.

Mrs. Sam Rasanen, who helped the late Dr. F. P. Bohn at Cecilia's delivery and gave her first bath, described her as a beautiful baby. Others who knew her as a child, before she left Newberry at the age of three, described her as a very pretty girl with long red curls. They said she resembled her father.

Helen Cecilia was baptized when about a month old by Rev. M. Luttinen. She was about a year old when she moved with her parents to a new home at 412 East Harrie street, David Sutinen, who bought the home when they left town in 1918, helped them move into their new home, where they lived for two years. The family moved to Maynard, Mass., where the Nelsons lived until they went to Russia in 1936.

Helen Cecilia received her schooling in Maynard, where her

chief interest was in music. Newberry friends who visited the family in Maynard in 1932 said she was then a pretty high school girl. Later, she married a talented saxophone player, Toivo Korhonen. The girl went to Russia with her parents with the idea of doing further study in music.

For awhile, Miss Nelson worked for the American embassy in Moscow, and after resigning this position in 1944 worked half days for Magidoff and half days for the Reuters News Agency. According to charges filed by the Russian government, the girl revealed that Magidoff was carrying out espionage assignments in Russia for the American government. Magidoff is reported to have full confidence in Miss Nelson, however, and contends that Moscow government officials forced the girl secretary to sign a statement, containing "trumped up" charges against the correspondent.

Mrs. Eric Maki of Newberry, an American citizen born in Finland, is one person who cannot believe the Magidoff-Nelson spy story.

Mrs. Maki and her first husband, John Frederick Ahti, accompanied by their daughter Margaret, went to Russia in 1931 because Mr. Ahti's parents lived there. She and her daughter, however, left Russia for Finland in less than a year after arrival and

Engadine School Holds Its Exhibit

Engadine, Mich.—The Engadine high school held its annual school exhibit Friday night, April 16. Exhibit material was set up during the day. A program was presented in the evening to a capacity crowd.

The feature of the exhibit was the showing of industrial arts and home making projects. The forty-nine members of the seventh and eighth grades exhibited 4-H Club work. The high school girls showed projects from their sewing classes only. These included a wide range of work from simple hand stitching to elaborate dresses. The high school boys showed work done in free-hand drawing, mechanical drawing, electricity,

wood work, leather work, lathe, and metal work of an unusual variety. Some of the exhibits showed how the work progressed from the raw article to the finished product.

Many of the projects were of such fine quality that pupils were urged by Mr. Markle, county agricultural agent, to send some to the State Fair for a showing.

The program was opened with several selections by the high school band which pleased everyone, as usual, with its spirited performance.

Kenneth Gildersleeve gave the audience a good laugh with a humorous dialogue on shop work.

Ronald Werner played an accordion solo.

The boys of the 4-H Club put on a skit representing a round table radio program which showed the audience many of the things learned in shop.

The girls of the Home-Making classes showed their pieces in a dress revue. There were forty-eight girls who modeled costumes made by themselves. The piano music accompanying the revue was played by Sylvia Wentland. The reviewer was Lois Vallier.

Following the program, Dolores MacDonald, president of the student council, presented band awards as follows:

Pin awards for four successful years in high school band—Elaine Collins, Iona Vallier.

Letter awards for 2 or more years in high school band—Robert O'Neil, Lois Ann Vallier, Louis Proton, Betty Smith, Richard Maudrie, Iona Vallier, Elaine Collins, Hubert Maudrie, Linnea Olson.

Mr. Markle presented the awards for the 4-H Clubs. Boys receiving county honors were—Edwin Meyer, Ronald Schroeder, Billy Fillman, Walter Fenske, William Marcus.

Girls receiving county honors—Martha Patzer, Arlene Wagner, Edna Fritzler, Marianne Proton,

Violet Monteil, Margie Linck. Girls receiving dress revue awards—Marlyn Boucha, Marianne Proton.

Boys receiving local honors—William King, Lyle Levielle Ronald Werner, Fred Meisner, Charles Feneley, Arnold Fritzler.

Girls receiving local honors—Mary Butkovich, Joanne Feneley, Catherine Frazier, Rita Houck, Jacqueline Maudrie, Beverly Smith.

Sponsors of the exhibit were—Band, Mr. Jackson; Industrial Arts, Mr. Rigotti; Home Making, Mrs. Jackson.

\$2,095 Needed To Attain Quota In Delta Cancer Fund

There are only 10 days remaining in April, national Cancer Control month, and during that period Delta county must raise \$2,095 more to attain its quota in the 1948 "fight cancer" fund campaign, it was reported today by Mrs. A. M. Gilbert, county commander for the American Cancer Society.

There are several thousand appeal letters in the hands of Delta county residents who have not yet responded with contributions, according to John Anthony, campaign chairman for the county Cancer Society. Anthony urged those who received letters to make their contributions within the next few days. Any amount will be welcomed, no matter how small.

Carl Wickman, treasurer of the Cancer Society, reported that \$1,412.15 has so far been received in the drive. This is \$2,095 short of the county's quota.

The Cornell Lions club at its meeting last night in Cornell township hall, through contributions of individual members and a \$10 check from the club, aided the fund by a total of \$29.37.

This contribution was made directly to Mrs. Gilbert, who talked to the club and presented two cancer education moving pictures.

Costly Equipment To Cool Milk Not Required by Law

The Michigan department of agriculture has received several complaints that milk producers with small herds are being told to install expensive mechanical refrigeration, or dispose of their herds. Apparently such statements are being promulgated by individuals trying to purchase dairy cattle at forced sale prices, according to F. M. Skiver, chief of the bureau of dairying.

The statement that mechanical refrigeration is required for cooling milk is entirely incorrect since milk may be adequately cooled by the use of well water in practically all sections of Michigan.

It takes about four gallons of cold water to cool one gallon of milk, and at the present time a large percentage of milk in Michigan is being cooled with well water. The law provides that milk must be cooled promptly after milking and be kept at a temperature of not higher than 60 degrees F. While mechanical refrigeration is good, it is not a requirement of the state law, and such a large investment for owners of small dairy herds may not be practical.

The Michigan dairy industry grew from small herds, and thousands of these small herds are now producing good quality milk. Small herds are profitable in many areas, and frequently are a starting point for larger operations.

PACKED IN CELLOPHANE—B. A. Griffin of Milwaukee, Wis., (above) has set up a smelt packing plant in the old flooring plant kilns near Gladstone, where he is employing a large crew during the smelt run. Packed in cellophane and then in heavy cardboard boxes, the smelt are taken to Menominee for quick freezing. Griffin purchased more than 100,000 pounds of smelt in five days last week.

Munising News

Phone 605-W

Officers Elected By Washington PTA

Munising—Officers of the Washington unit of the Parent-Teachers association, elected at a recent meeting, are: Mrs. Ray Kinzer, president; Mrs. Oscar Bray, vice-president; Miss Ann Costello, secretary; Mrs. Eugene Christman, treasurer; Mrs. William Wilson, historian.

Munising Police Ask Cooperation

Munising—Chief of Police Urban Trombley has requested the cooperation of the public in reporting law violations here. Officers will, he said, make a formal complaint against violators when cases are reported to them with sufficient information and evidence.

Two such cases were tried in Justice Andrew Soukup's court Tuesday. Gerald Belfry paid a \$5 fine and costs of \$3.35 for exceeding the speed limit on city streets

Bumper Baby Crop Poses Problem For Michigan's Schools

East Lansing, (AP)—Michigan's bumper crop of wartime and post-war babies will call for an investment of \$171,000,000 in additional schoolroom space, a Michigan State college expert declared. John F. Thaden, professor of sociology at the college, said that during the six years from 1942 through 1946, 256,433 more babies were born in Michigan than in the same six-year period in the 1930's.

When this crop of babies comes of school age, 8,548 new classrooms will be needed, Prof. Thaden said. Estimating the cost of classrooms at \$20,000 each gives the \$171,000,000 figure.

In 1947, Prof. Thaden said, there were 160,315 babies born in the state. This was approximately twice the number of births recorded in 1933.

These 160,315 babies born last year will be entering kindergarten in 1953. Thirteen years later, in 1965, the majority of them will be graduating from high school.

Now is the time, the expert asserted, to look ahead and plan for school building needs in the 1950's.

In 1944, Prof. Thaden said, it was estimated that \$99,000,000 would have to be spent if the state was to have an adequate 10-year school building construction program.

Since that time building costs have more than doubled and needs have increased until an adequate 10-year program now would cost in the neighborhood of \$300,000,000, the expert asserted.

FIRE DESTROYS HOME
Munising—The home of Mrs. Vienna Cole, a widow with several children, was destroyed by fire Tuesday morning in Forest Lake.

MUNISING BRIEFS
Deane Florio, son of Mr. and Mrs. V. A. Florio, was recently elected president of the chemistry club at Albion college.

\$300,000,000, the expert asserted. The current increase in the birth rate follows a pattern set after World War I. Prof. Thaden said. Enrollments in Michigan's public schools exceeded 1,000,000 annually from 1929 to 1932. The peak was reached in 1932 with a total enrollment of 1,049,505.

The 1947 total school enrollment was 972,360. The enrollment next year probably will exceed the 1,000,000 mark and will climb steadily until and unprecedented figure of 1,200,000 is reached in 1956, the MSC expert said.

Classrooms, equipment and teachers should be ready for these citizens of the future, Prof. Thaden declared. Educational leaders in every county and community of the state should plan wisely now for a five or 10-year program of teacher and school building needs to meet the demands of the future.

Clear Apple Juice Method Makes New Michigan Industry

East Lansing, (AP)—A new method of clarifying apple juice developed at Michigan State College in 1930 has developed an important new industry for the state.

The processed apple juice industry has grown until in 1946 more than 800,000 bushels of Michigan apples were converted to bottled or canned juice marketed in at least a dozen states.

More than 85 per cent of the consumers preferred the clarified and filtered product as developed at MSC, the college reported. This preference paved the way for using in apple juices large quantities of strictly wholesome apples that were off-grade because of size or color deficiencies or skin blemishes.

The present apple juice output in the United States is about 4,000,000 (MI) cases a year, the college said. At least 95 per cent of this volume is processed by the flash pasteurization method first developed at the college.

The U. S. Mint earns \$35 million a year on the difference between the value of the metal going into coins and the value of the coins.

EHS Seniors Busy With "Dear Ruth"

The senior class of Escanaba high school has been pitching in during the past few weeks to make this year's play "Dear Ruth" a professional appearing production. The cast of this romantic comedy has been meeting several hours daily, under direction of Bertrand Henne, in preparation for the May 5 performance.

Not only are the members of the cast working for the play's

success. With the aid of Miss Mary Vaughan, senior committee are now taking care of many technical details.

Stage manager for 1948 is Jack Edick. Helping him with stage work and lighting are Gerald St. Martin, Richard Wohlen, Dick Cleerman, Jim Moran and Bill Perron.

Kathryn Perrin, Mary Nicholas, Betty Pearson, and Lavaine Schils, as property committee, must locate such things as a half of a baked apple, a bride and groom made of cracker jack, and several boxes of artificial lilacs, besides more conventional props. The senior art class will paint

scenery and posters and wood-working groups will help with the carpentry work.

Another aspect of the play, tickets, is in charge of Harold Sundelius with Jim Deane, Mary Ellen Johnson and Pat Tobin assisting. Jim Moran is publicity chairman and Gloria Larson head of the programs. Joanne Howe is prompter.

Scientists have coined a word "hypergolic." It designates rocket propellant combinations that are self-igniting, as opposed to fuels that must be "sparked" to start the firing process.

WE MAKE

The Most Unusual Offer Ever Made In The Tire Business!!

YOUR MONEY BACK IF *Super-Cushion* TIRES DON'T GIVE YOU THE SOFTEST RIDE YOU'VE EVER HAD! YOU RIDE...THEN YOU DECIDE!

Due to the demand for Super-Cushion tires we are able to make this unusual offer for only these few more days. Come in—we'll put a set of Super-Cushion tires and tubes on your car. Drive it for one week. Then, if you don't agree they give you a softer ride than any tire

you've ever owned, we'll replace your old tires and tubes and give your money back. Super-Cushion is a remarkable new kind of tire. Bigger, softer than conventional tires and runs on only 24 pounds of air pressure. It is so superior that we can afford to make this amazing offer.

Super-Cushion TIRES BY **GOODYEAR**

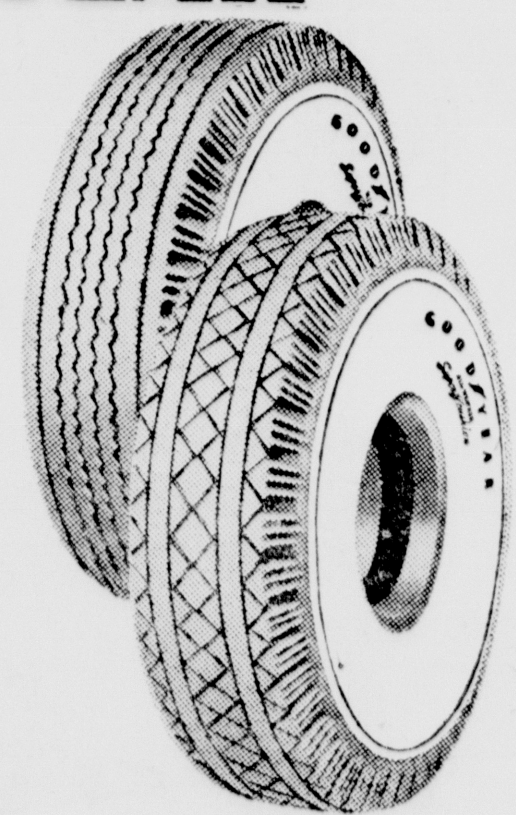

Super-Cushions give you a remarkable new ease in car handling. Your car hugs the road, seems to float through traffic, to flow around curves.

Super-Cushions soak up crosswise jolts, soak up vibration. Results: less driving fatigue, less wear and tear on your car, fewer rattles, fewer repair bills.

Super-Cushions consistently average more mileage than the best standard tires. More—they make small cars ride like big ones...big cars ride better.

Super-Cushions run cooler; and because they're softer they "roll with the punch", are harder to cut, bruise or blow out.

Arrange for a Super-Cushion trial on your car today.

MILLIONS OF SUPER-CUSHIONS ARE NOW IN USE ON NEW AND OLDER CARS

RUARK WRITES ON ETIQUETTE

Says Millicent Fenwick Is All Wrong

BY ROBERT C. RUARK
New York—No matter how hard I try—and I've tried brisk walks, good books, cold showers and six hobbies, including bird-watching—I can't break myself of the turtive Vogue magazine habit. Sometimes I'll stay away from that heady portfolio for six months, and then—boom! Everything goes black and I'm off on another tear, which generally leaves me muttering for a month. This time it's an article called "Memos To Guests," an excerpt from the forthcoming Vogue book of etiquette, by a Miss Millicent Fenwick. It describes the perfect guests, and lays down more restrictions on conduct than there are house rules in a boosegown. I don't know where Miss Fenwick gets her stuff, but it's pretty obvious she never culled it from the people I know.

She assumes that a housebroken guest knows enough to forswear pinching the maids, kissing the hostess and kicking the kids, so she skips the blunt mandates and gets on with the frills. For instance, I learn for the first time that you are not supposed to say "hello" to the servants. You can say "good morning" or "good evening," but never "hello." It is presumptuous familiarity, deeply wounding to the self-esteem of a prideful hired hand.

Not Like His Crowd
In my set, the guests give hot-foots to the butler, are always giggling in the corners with maids, and can often be found shooting craps in the kitchen with the cook. The help seems to thrive too.

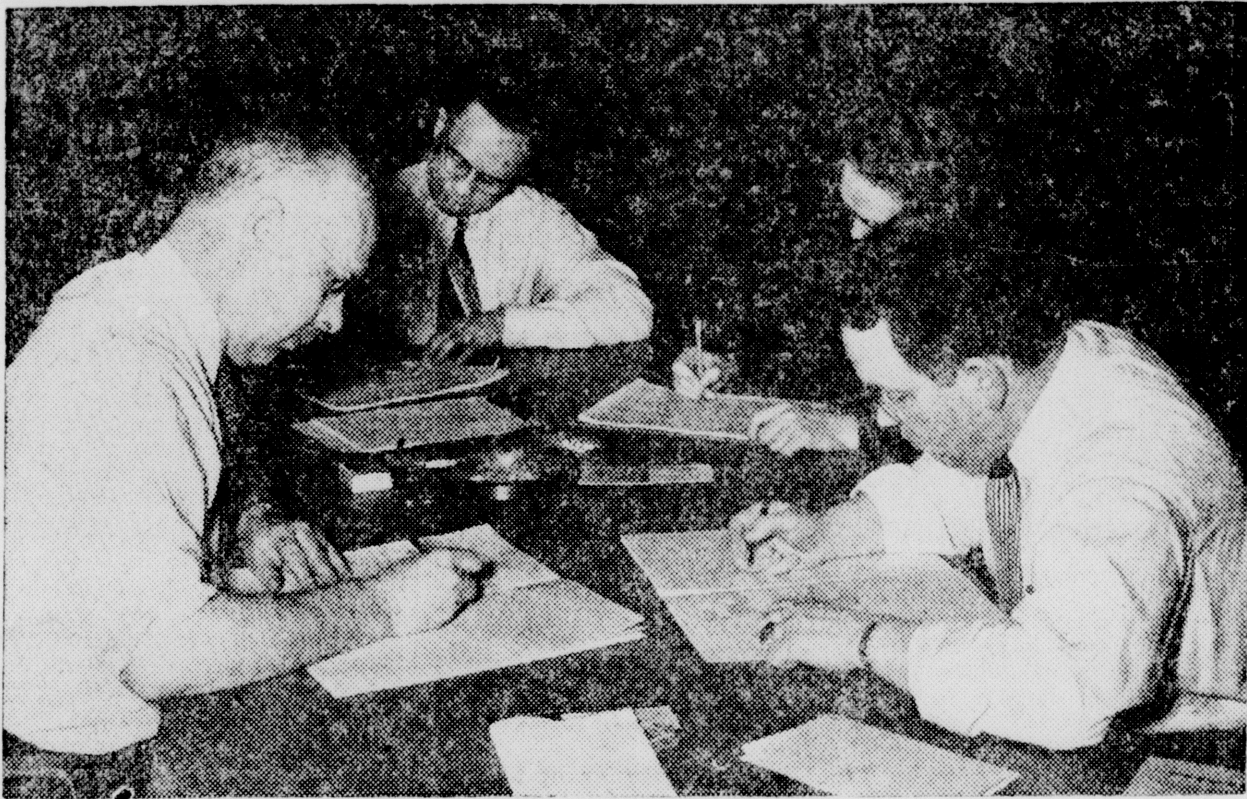

"The unpresuming guest," writes Miss Fenwick, "should never make himself at home...." He should never mix a drink, tell the other guests where the host hides the non-footwashing whisky, or make his own bed.

"Even in a house where there is no maid," says Miss F.'s creamy quill, "it is just possible the hostess might prefer to make the beds herself...." It is just possible that Miss Fenwick never visited the hostess of this house. A common weekend sight in my castle is a healthy lady, armed with a bullwhip, scouring the guests to their rooms and refusing to feed them until they've not only made the beds, but washed the clothes and vacuumed the carpet.

The good guest, although his tongue cleaves to the roof of his mouth, is not allowed to ask for a glass of water at the table. He interferes not with the discipline of children or dogs. And above all, he never relaxes. I quote:

"When the unpresuming guest comes to call, he is always found sitting in a small, straight-backed armchair....not sprawling on the sofa or in a deep chair, smoking and reading a magazine. A hostess may be quite pleased to find her guest looking at one of the pictures on the wall (the suggestion being that he has been struck by its beauty)."

You Shouldn't Gossip
I can't answer for the hostess.

RECOUNT—Nevin J. Reynolds won the third contested council seat by a margin of five votes over Thomas X. Quinn in the recount conducted here last week-end. Pictured above are the official tellers, Loren Jenkins, left, and Wellington Hinze, while Ernest Peterson and Irma Olson serve as tellers on behalf of the candidates. In the picture at left Councilman Marvin Coon is tallying the votes. Belle Harvey, a member of the canvassing board, is seated next to Mr. Coon.

New Bond Material Widens Wood Use For Paper-Making

Washington, (AP)—Government scientists predict a new development in paper making will add vast amounts of wood to the nation's "critical supply" of satisfactory pulp timber.

Researchers of the National Bureau of Standards said the new technique—using plastic bonding material to strengthen paper—may increase by as much as 75 per cent the use of such "deciduous" — or non-evergreen — woods as maple, beech, birch and poplar.

These woods have had only limited use in paper-making, said the bureau, because they do not impart the strength which the long-fingered evergreens give to the paper.

But bureau scientists said that when the new plastic is added to deciduous wood pulp it produces a paper stronger than that made by the conventional process.

They added that the paper absorbs ink better and has less tendency to curl than paper made without the plastic resin.

The bureau's announcement spoke only of paper for use in printing, but officials told a reporter the new process also could be applied to other kinds of paper.

"An increase in the use of short-fibered woods would have its most marked effect in the northeastern region of the United States," the bureau announcement said.

The tropical "89" butterfly is named for the 89 design on its wings.

The experts go overboard
"This time it's Hudson
the only car you step down into!"

An auto-wise Detroit editor writes, "Hudson... will still be a sellers' market after the buyers' market returns!" A Cleveland motor-car writer, "The public is in for a thrill!" From a San Francisco auto editor's column, "Hudson has really hit the jackpot!" Right around the nation, men who have "seen everything" in automobiles go for the New Hudson.

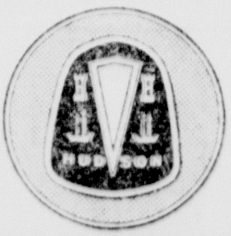

It is the only American-built motor car you step down into when entering, not up on! This new development brings you sensational advantages — among them, newly streamlined beauty that would otherwise be impractical.

This new kind of motor car is only five feet from ground to top, yet by stepping down, you get more head room and roomier seats than in any other mass-produced car built today — and there's good road clearance!

Because you step down, Hudson's new, all steel Monobilt body-and-frame completely encircles you, even outside the rear wheels, with a rugged, box-steel foundation frame — and this brings you added safety.

Hudson's new, lower center of gravity and rugged basic structure give this car delightful roadability.

See the new motor car the experts cheer. The nearest Hudson dealer will show it to you now! Hudson Motor Car Company, Detroit 14

The Danforth 4-H club is sponsoring an achievement day card party at the school Thursday evening, beginning at 8 o'clock. Prizes will be awarded for high scores and lunch will be served. The 4-H boys and girls will exhibit articles made during the winter. The public is invited.

Hughes-Perry
Holy Family church in Flat Rock was the setting for the wedding Saturday, April 17, of Catherine Mary Hughes, of Milwaukee daughter of Dr. and Mrs. A. J. Hughes, Gladstone, Route One, and Lloyd Cyrus Perry of Milwaukee, son of Wilson Perry, of Waterloo, Wis.

The vows were spoken before Father John G. Hughes, of the Church of the American Martyrs, Kingsford, a cousin of the bride.

Jane E. Hughes, the bride's only sister, was maid of honor, and Mary T. Corso, of Beaver Dam, Wis., her roommate, was bridesmaid. John J. Hughes served as Mr. Perry's best man, and Neal S. Perry ushered.

The bride, who was given in marriage by her father, wore white slipper satin, styled with a fitted bodice, sheer yoke, tapering leg of mutton sleeves and a full skirt which formed a long train. Her fingertip veil of imported illusion was attached to a white satin braided halo. She carried a cascade bouquet of white roses and snapdragons. The attendants wore identical gowns of yellow taffeta with matching gauntlets and carried cascade bouquets of tea roses and snapdragons.

Mrs. Hughes wore a brown and white checked tailored dress for her daughter's wedding. Matching accessories and a corsage of American Beauty roses completed her costume.

A wedding breakfast at the home of the bride's parents was followed by a dinner at the Dells and a supper at the Hughes home for forty guests. The couple will live in Milwaukee.

The bride, a graduate of St. Joseph's high school in Escanaba and Miss Brown's School of Business, Milwaukee, is a stenographer for the motor truck branch of the International Harvester company. Her husband, a graduate of Waterloo high school, is employed in the cost and accounting department of Rundle Manufacturing company.

Guests at the wedding were Mr. and Mrs. George M. Hughes and Miss Jane Hughes, Marquette; Mr. and Mrs. James W. Perry and daughter, Janet, Milwaukee; Mrs. William Sullivan, Waterloo, Wis.; Neal Perry, also of Waterloo; and Mr. and Mrs. George Curran and son, Pat of Lake Geneva, Wis.

at last! ECONOMICAL MILK COOLING

with the
Westinghouse
Hermetically-Sealed
Drop-In Unit
and 5-Year Protection Plan

Economical to operate, economical to maintain. . . Westinghouse presents Milk Coolers that answer every farmer's long quest for economical, but efficient milk cooling.

Records show savings of \$2.34 per month on Westinghouse Milk Coolers compared to normal operating expense on other type electric coolers.

Economical to maintain because of Westinghouse 5-Year Protection Plan on the Hermetically-Sealed Unit. This

plan provides that should the Hermetically-Sealed Refrigeration System fail during the 5-year warranty period, a new one will be supplied at no cost to you.

Here is milk cooling at its best. Old-fashioned, laborious, time-wasting methods are out. Assure yourself of a steady supply of salable milk today. Write, telephone, or come in for a demonstration and further information about the new Westinghouse Milk Cooler with the Drop-In Unit.

Famous Westinghouse
Separate Hermetically-Sealed
Drop-In Unit

Good news! Westinghouse Drop-In Units are now available separately. Now you can simply "drop" this efficient unit in your own cooler cabinet.

5-Year Protection Plan

The sturdy, compact unit holds all motors, all moving parts in one package. A unit so efficient, so trouble-free that Westinghouse confidently includes the 5-Year Protection Plan with every Hermetically-Sealed Drop-In Unit. This means that should the Hermetically-Sealed Refrigeration System become inoperative within the five-year warranty period, a new one will be supplied to you at no cost.

Come in for a demonstration of the Westinghouse Drop-In Unit. See how it will economically cool your milk.

Pail Of Clay and Heat Basis For Hobby Of Mrs. Sullivan

Can you take a pail of clay, a lot of heat for a long time and some paint, that doesn't even look its ultimate color at first, and transform it into lovely figurines, sugar and creamer sets and other art objects?

As mysteriously simple as it sounds, that is about the way it works for Mrs. John Sullivan, 312 South 14th street. This past winter she visited for several weeks in Fresno, Calif., where relatives of hers are ardent devotees of ceramics.

Mrs. Sullivan has worked in the materials before and thus was

conversant with materials and methods of fashioning. This time she brought back over 60 pieces all handmade and marked "Lili" in Chicago, while visiting she gave away some 15 articles, not included in the above picture.

Molds are fashioned from plaster of Paris and may be made at home or bought. The "slip" is poured into this container and allowed to become slightly firm. When it reaches the proper consistency, a sharp jerk sends the inner jelled substance out, leaving a layer of about 1/4 inch along the form of the mold.

After the first forming stage, flowers and other decorations, except paint are applied, and the shape is fired at high temperature for four hours and allowed to cool in the oven for about 10 hours. After this "bisque" firing paint is applied and the article baked for another four hours and cooled in the same way. Gold edging and other trimming is then applied and the article then goes back in the kiln for another firing, at a somewhat lower temperature.

Flower petals and other designs from nature may be used for patterns. Mrs. Sullivan made some decorations from dies made of pansy leaves, geranium leaves and blossoms. When the clay is first put in the kiln, it is black. After baking it becomes a chalky white.

Varied Articles

It costs about 35 cents to have the articles fired in kilns, most of which are centrally located near the ceramic classes. A few people have their own kilns, said

Social - Club

Daughters of Isabella
Members of the Daughters of Isabella, Trinity Circle 362, are invited to attend a party in St. Joseph hall, April 26, at 8 p. m. Mrs. John Kress is chairman and will be assisted by Mrs. Fred Soper.

Hostesses are Mrs. Ray Roy, Mrs. George Walker, Mrs. Frank McGraw, Mrs. John Dubord, Mrs. Thomas McDonough, Mrs. Wendell Erickson, Miss Mary McDonough, the Misses Louise and Josephine Saykly, and Miss Isabel Cass.

A small admission fee will be charged.

Yanchuk-Schauer

Irene Yanchuk, daughter of Mr. and Mrs. Joseph Yanchuk, of Broadview, Ill., became the bride of John Schauer, son of Mrs. Julia Schauer, of Carney, Mich., at a high mass at 9:30 o'clock Saturday morning, April 17, at Ephiphany church, Chicago. Father Cumminge read the double ring service.

The bride wore a white chiffon and satin gown with a long train, and a veil of illusion caught to a pearl crown. She carried white carnations and sweetpeas. Miss Ruth Schauer, sister of the bridegroom, who was maid of honor, wore lime green and carried pink carnations.

The bridegroom was attended by his cousin, Joseph Kleiman, of Wilson.

A wedding breakfast followed the ceremony and a reception was held at the Veterans' hall.

The couple is spending a week's honeymoon in northern Michigan.

Benefit Card Party

Another of the weekly card parties for the benefit of St. Ann's church will be held Thursday afternoon at 2 o'clock at the K. of C. club rooms. There will be a high score award at each table. The public is invited. Mrs. Joseph Selager, Mrs. Bert Goudreau and Mrs. Melvin Hansen are hostesses.

Personal News

Herbert Barry has returned from Green Bay where he has been a surgical patient in Bellin Memorial hospital the past two weeks, and is convalescing at his home, 1304 first avenue south.

Mrs. Sullivan.

In making some of her art pieces, Mrs. Sullivan also used bits of lace dipped in the "slip" to form filigree work on hats and dresses for her figurines. Among articles she made in California are two heads, for mantel-piece or shelf; three dolls, two sugar and creamer sets, a set of candelabra, jewel boxes, candy and flower dishes, three gold filigree shoes, (in center of above picture) a cup and saucer set and others.

All of the objects are of a brilliant color and are original and interesting in design. Incidentally, the majority of the pictured articles are already promised as gifts, "from California."

GOLDEN WEDDING—Mr. and Mrs. Albert LaMarche, of Danforth, are observing their golden wedding anniversary Sunday, April 25, with an open house for relatives and friends from 2 to 5 p. m. Mr. and Mrs. Peter Clairmont, of Gastra, who were married with Mr. and Mrs. LaMarche, will be here to observe their golden wedding anniversary also. Mrs. Joseph Heroux, mother of Mrs. LaMarche and of Mrs. Clairmont, who will be 88 years old May 10, will be a guest for the celebration. The LaMarches and Clairmonts were married in St. George's church in Bark River, April 25, 1898.

Mr. and Mrs. Albert LaMarche, Mr. and Mrs. Peter Clairmont Mark Golden Wedding Sunday

Mr. and Mrs. Albert LaMarche of Danforth and Mr. and Mrs. Peter Clairmont of Gastra are observing their golden wedding anniversaries Sunday, April 25, with a party and open house at the LaMarche home in Danforth.

Mrs. LaMarche, the former Cordelia Hereau, and her sister, Mrs. Clairmont, the former Amelia Hereau, were married in St. George's church in Bark River, April 25, 1898, at a double wedding ceremony.

Mrs. Joseph Hereau, of Bark River, mother of the sisters, will be present at the golden wedding observance. She will be 88 years old May 10.

Mr. and Mrs. LaMarche are the

Jaycees Complete Plans For Annual Spring Dance

Arrangements for the Junior Chamber of Commerce annual spring dance have been completed, it was announced today by Paul Snyder, general chairman.

The dance will be held Saturday, April 24. Original plans have been changed and the dance is now scheduled as informal with a buffet luncheon to be served at midnight.

Members and their guests are invited to attend. Any JCC member who has not been contacted may obtain tickets by calling Don Guindon, secretary, or Thomas Quinn, immediately. All reservations must be made by Friday.

Births

Mr. and Mrs. Rod Kittner, 911 South 13th street, are the parents of a daughter, born Monday night at St. Francis hospital.

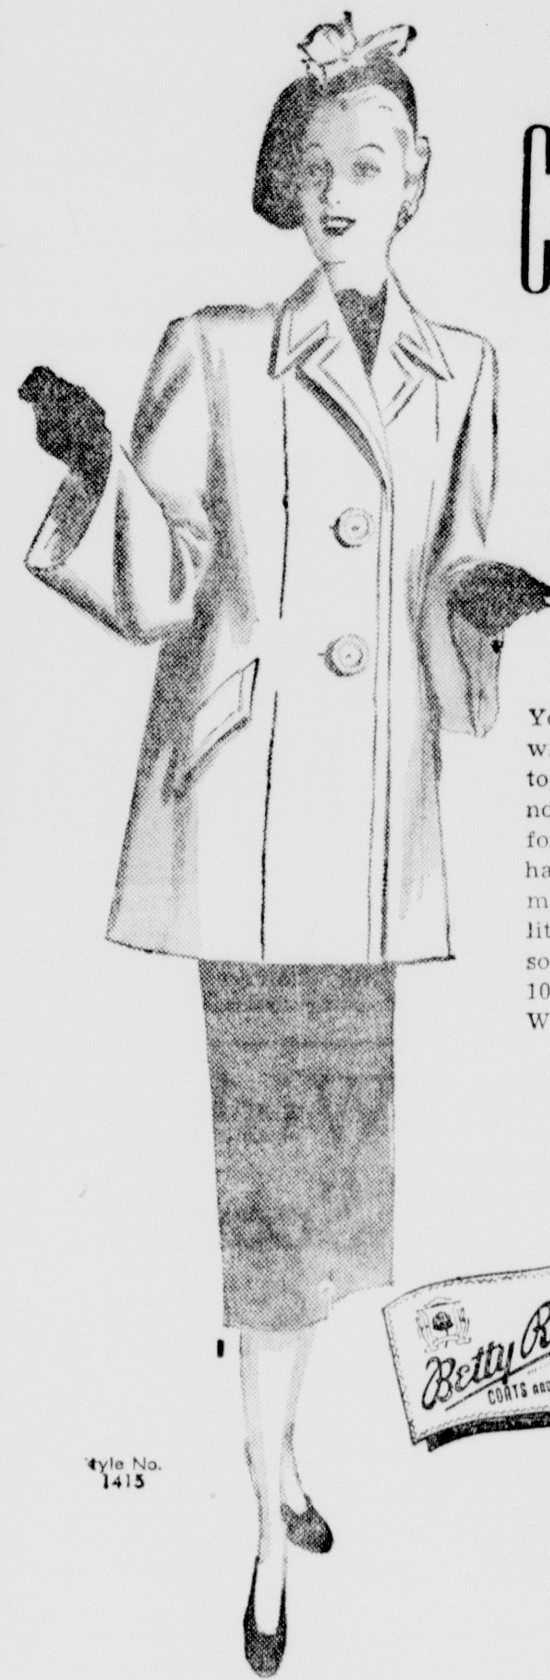

Mr. and Mrs. Marland Moreau, of Menominee, are the parents of a son, David John, born April 17, at St. Joseph's hospital in Menominee. The baby is the first in the family. Mr. Moreau is a son of Mr. and Mrs. E. J. Moreau, of 1812 First avenue north, Escanaba.

parents of 11 children, eight of whom are living. They are Oswald, Lawrence, Edward, and Clarence LaMarche, of Danforth. Mrs. William (Evelyn) LaVallie, of Danforth; Mrs. Clarence (Florence) Martin, of Schafer; Mrs. Napoleon (Elizabeth) LaVallie, and Dennis LaMarche of Chicago. The family, pioneer farming residents of the Danforth community, also have one adopted son, Emory Greenwood, of Chicago. They are also grandparents of 27 children.

Mr. and Mrs. Clairmont, who have resided in Gastra for many years, are the parents of three children: Henry Clairmont at home, Leslie Clairmont, of Escanaba, and Harvey, of Duluth. Leslie and Harvey are married and the senior Clairmonts are the grandparents of four children.

Mr. LaMarche was born in Brampton and is 71 years old. Mrs. LaMarche who is 68, was born in Goose Lake.

Annual Summer Round-Up Plans Are Announced

Plans for the annual pre-school summer round-up, sponsored by the Escanaba city schools in co-operation with the Parent-Teacher association, were announced today.

Dates of the clinic are: Barr school, at the Junior high school, May 10 and 11.

Franklin, at the Franklin school, May 17.

Washington, at the Junior high school, May 24.

Webster, at the Webster school, May 25.

Jefferson, at the Junior high school, May 20.

Parents who do not take their pre-school children to their family physician for medical check-up are invited to take advantage of the services of the round-up clinics.

A visiting clinic, during which parents and pre-kindergarten children may visit kindergarten rooms, is planned for the week of May 3 and 7.

As a preliminary to the two round-up events, a Parent-Teacher mother will call at the homes of all pre-school children, during the week April 26-30, to register the parents and children and the dates on which they will attend the clinics.

A detailed explanation of the project will be given on a special program this evening at 8:05 over Escanaba WDBC.

The Karpen Pil-O-Rest

A MATTRESS OF INCOMPARABLE QUALITY

MADE WITH THE SKILL OF FINE FURNITURE CRAFTSMANSHIP

We're Happy To Say...

**THIS UNUSUAL AND OUTSTANDING
MATTRESS is featured at our store**

It's exciting for us to be able to tell you about the Pil-O-Rest with its ingenious patented construction. The fluffy channeled pillow top and bottom (staple cotton filled) "cradles" the body; the completed innerspring unit to which they are attached provides healthful body-support. If you're among our many customers who have been looking for a mattress that gives the ultimate in comfort and sleep-inducing rest, you'll be as excited as we are about the Karpen Pil-O-Rest!...

Karpen Pil-O-Rest
Mattress \$69.50
Karpen Boxspring
To Match \$59.50

WITH THESE EXCLUSIVE
PIL-O-REST FEATURES:

- Channeled pillow is attached top and bottom to a completed innerspring mattress unit.
- Channeled pillows are 100% staple cotton filled and constructed to prevent shifting of the cotton.
- Tuftless—no buttons.
- Box Spring is a 72 coil spring construction hand-tied 8 ways and mounted on a hardwood frame. Upholstered to match the mattress.

FISHER PLANS SCHOOL SHOW

Cast Of 175 Students To
Appear In Event

An all-school show will again be presented at Gladstone high school under the direction of Conan E. Fisher and preparations for the entertainment are now going forward.

Presentation will be on or about May 12, Mr. Fisher states.

There will be about 175 students of Gladstone high school in the cast of the event.

This year's show will be called "The Showboat Minstrels" and is to be divided into two parts, the first being the minstrels; the second, a hill-billy show.

In the minstrel there will be a dance number with routine and dancers trained by Elizabeth Van Winkle and vocal and instrumental selections in addition to the usual patter.

The second will be typical hill-billy and during it there will be square dancing to the calling of Harvey Larson.

Auto and Truck Are Involved in Wreck

Michigan State Police were called out to investigate an accident near Groos in which Harry Hahn of Escanaba drove into the side of a truck driven by Melvin Hagman of Route 1, Gladstone.

Investigation revealed that Hahn attempted to make a left hand turn into a private driveway just as Hagman was passing.

Licenses Renewed On Pleasure Boats; Fuel Tax Confused

Lansing, (P)—The State Revenue Department began the 1948 relicensing of pleasure boats as the Legislature studied a proposal to clarify collection of the state's 1947 marine fuel tax.

About 1,600 pleasure boat licenses were mailed to owners who previously had filed applications.

The 1947 Legislature required an annual license fee for boats the fee varying from \$5 per year on boats of 16 or more feet in length but not over 20 feet, to \$75 on boats up to 65 feet long.

Exemptions from the tax were granted licensed commercial fishing vessels, boats under 16 feet and outboards or those propelled solely by hand.

The Senate has passed and sent to the House a bill permitting the license plates on boats to be attached to the sides, instead of to the bow of boats in a move to make the statute more practical.

The House this week approved and sent to the Senate a bill to simplify collection of the three-cent-a-gallon marine fuel tax.

H. E. Bradshaw, director of the State Department Gas Tax Division, said the original 1947 tax law was difficult to administer because it ordered the department to segregate gas taxes collected for highway purposes and those collected for marine use. The latter must go to the State Waterways commission and the former to the Highway Department.

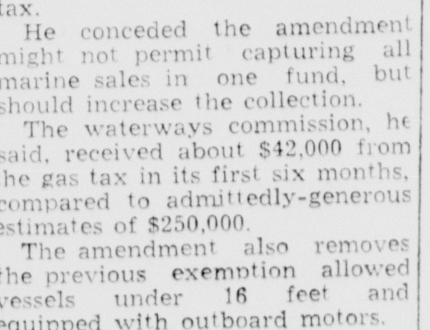

Bradshaw explained it was almost impossible to segregate the two taxes, since many gasoline dealers sold indiscriminately to both car owners and boat owners.

He said the clarifying amendment now in the Legislature would require a marine gas dealer—largely those with dock pumps—to report their marine sales to their wholesalers so that the latter could report the segregated sales to the state when paying both the highway and marine tax.

He conceded the amendment might not permit capturing all marine sales in one fund, but should increase the collection.

The waterways commission, he said, received about \$42,000 from the gas tax in its first six months, compared to admittedly generous estimates of \$250,000.

The amendment also removes the previous exemption allowed vessels under 16 feet and equipped with outboard motors.

Trenary

Catherine Brill, daughter of Mr. and Mrs. Kenneth Brill has accepted employment in Chatham at the Sandwich Shop.

Mr. and Mrs. Herman Koresch of Munising, spent Sunday at the home of Mr. Koresch's mother, Mrs. Anna Koresch.

Miss Helen Mikulich, daughter of Mr. and Mrs. Frank Mikulich, has been selected as valedictorian of the senior class and Ruth Kallio, daughter of Mr. and Mrs. Paul Kallio, has been chosen as salutatorian of the class.

Mr. and Mrs. Alphonse Caver and family of Forsythe, spent Sunday at the Edward Roberts home.

William Aho, returned last week from Detroit, where he has been employed for the past several months to visit his parents, Mr. and Mrs. John Aho.

Mrs. Earl Quarfoot and children Tommy and Carol, accompanied by Robert Quarfoot, left Friday evening for Ann Arbor after Mrs. Quarfoot and children visited at the William Quarfoot home here and the Joseph Shega home at Trautman.

PHONE 3741
Rialto Bldg.

PROMENADE—Juniors of Gladstone high school entertained at their annual prom last Friday evening. Storybook Serenade was the theme used in decorating the gym for the event and the result was most pleasing, the dance well attended. Leading the grand march, right to left, are Roseann Sirola, Douglas Madden, Dolores Boullion and Warren Peterson.

Luther League Will Rally At Escanaba

The Green Bay District Luther League will have a rally at Bethany Lutheran church in Escanaba on Saturday and Sunday, May 1-2.

In the district are fourteen leagues located in Gladstone, Escanaba, Bark River, Stonington, Perkins, Rapid River, Pembine, Norway, Daggett, Stephenson, Wallace, Menominee, Marinette and Peshtigo.

On the opening day there will be registration from 3 to 5, supper from 5 to 7 with a business meeting and program in the evening.

The Sunday program includes Bible class at 9:45, Morning worship at 10:45, Pocket Testament league banquet at 12:30 and closing rally service at 4.

DeGaulle Promises Strong Government To Defy Russians

Marseille, France, (P)—Gen. Charles De Gaulle says a new election, held soon, would place him at the head of a strong government able to face up to Russia.

He repeated his demand for such an election Sunday speaking from a float in Marseille harbor to a dockside audience estimated at over 100,000. He heads the rightist rally of the French people (RPF).

Premier Robert Schuman, a rival political leader, speaking at about the same time, said he would ask Parliament for new military reorganization laws in view of international unrest. He spoke in Poitiers, 330 miles northwest of here.

A mile away from the meeting here, 10,000 Communists staged a counter demonstration. On patrol between the rallies were steel-helmeted guards with Tommy-guns.

DeGaulle, former head of the French government, favors a stronger executive branch. His new RPF got the biggest vote in last October's municipal elections but never has been in a Parliamentary election.

John Matula, 57, Is Dead at Kiva

Chatham, Mich.—John Matula, 57, died at 11:00 a. m., Sunday morning, April 18, in the St. Luke's hospital Marquette, after a brief illness.

He was born in Viipuri Laani, Finland, October, 1890, but has spent the greatest part of his life in the United States. He has worked in Negaunee, Rock and Detroit but has spent the past few years in Kiva.

He is survived by his wife, the former Ida Johnson, Negaunee; a son, Reinold; his daughter-in-law, the former Miss Florence Karpinen, Sundell; and a six-week-old granddaughter, Ann Marie; two brothers and five sisters in Finland.

He will be buried at 1:30 Wednesday afternoon from the Lutheran church, Skandia. The Rev. A. L. Maki will officiate and interment will be in the Skandia cemetery.

Water Shortage Belies Town's Name

Washington.—The story of a Utah town's water shortage with an O. Henry-esque quirk to it was told before the meeting here of the American Geophysical Union, in a report by H. E. Thomas of the U. S. Geological Survey.

The town has been beset with the same trouble that afflicts many another place in the West: its artesian wells, once seemingly inexhaustible, have been yielding less and less water, as the underground water supply sank lower and lower. In an attempt to raise the water-table again, part of a small stream that tumbles down from the Wasatch mountains has been forced into the ground. But because of unfavorable geological structure, deep down, it hasn't worked out very

Audrey Buckmiller Is April Bride Of Alvin F. Beale Jr.

Miss Audrey Jeanne Buckmiller, daughter of Mr. and Mrs. George A. Buckmiller, 1414 Delta avenue, city, and Alvin Francis Beale, jr., son of Mr. and Mrs. Alvin F. Beale, sr., 1505 Bellevue Ave., Richmond, Va., were united in marriage on Saturday morning, April 17, in the First Lutheran church, with Rev. Clifford Peterson, pastor, performing the ceremony.

Attending the couple were Miss Helen Marie Bier, Edgar, Wis., cousin of the bride and Maurice William Buckmiller, brother of the bride.

The newlyweds will make their home in Willow Run, Mich. The bride is a graduate of Gladstone high school, class of '46 and is a student at the University of Michigan. The groom graduated from the University of Michigan. He is a member of the following Fraternities, Phi Beta Kappa, Sigma Pi, Sigma, Psi Gamma Delta, and Phi Lambda Upsilon.

Obituary

NELS OLSON
Funeral services for Nels Olson, were held on Tuesday afternoon at 2 o'clock at the Kelley funeral home, with Rev. Clifford Peterson, pastor of the First Lutheran church officiating.

During the services William Nelson, accompanied by Mrs. Nelson sang two numbers, "Abide With Me" and a Swedish song, "O Salla Land."

Palbearers were V. E. Tillman, Erick Lindahl, Adolph Johnson, August Feldt, John E. Johnson and John Vogt.

The flowers were in charge of Mrs. Hazel Anderson and Mrs. John Kegel.

Burial was made in Fernwood cemetery.

Traffic Tickets Given by Troopers

A number of motorists were ticketed Monday as Michigan State Police continue their drive to make motoring safer.

John Parin of Wells was arrested for excessive speed in Menominee county. Edmund Henes of Menominee was found using a trailer without license.

Carl Messer of Limestone was given a summons for driving an auto with defective brakes. Wesley R. Garbrecht of Peshtigo had defective brakes on the trailer he was hauling.

Reckless driving was the charge placed against Alfred Nordquist of Wallace while Stephen Kakuk of Stephenson was making improper use of farm license plates.

Briefly Told

Choir Practice—The Senior choir of the Memorial Methodist church will meet at 7 o'clock tonight at the church for rehearsal.

Women's Dept.—The Women's Department of the Reorganized Latter Day Saints church will meet Thursday evening at eight o'clock with Mrs. Rex Stowe at her home, 1307 Dakota avenue.

Confirmation Class—The senior confirmation class of the First Lutheran church will meet Thursday afternoon at 4 o'clock for instruction.

ENLARGED TELEVISION

Arlington, N. J., (P)—To enlarge television images, lenses now are being made with "Lucite" acrylic resin filled with liquid. A rounded sheet of the crystal-clear plastic is cemented to a flat sheet, forming a hollow cell which is filled with clear mineral oil. This gives a light, sturdy magnifying lens.

A new atomic ray detector is capable of counting particles cast off by exploding atoms at the rate of 100,000 each second—50 times more than the standard Geiger counter can record.

BABSON FEARS STALIN'S PLAN

Says Communists Would
Destroy Capitalism

BY ROGER W. BABSON

Eureka, Kans.—I have never met Mr. Stalin; but I have friends who have often talked with him. Some of them have been at the famous conferences attended by Mr. Stalin, Mr. Churchill, and Mr. Roosevelt. I, therefore, am using my column this week to answer certain inquiries coming to me. The conclusions are not pleasant.

There are three different economic or social theories today. They are: (1) Capitalism. This is what is commonly known as free enterprise which has been so successful in the United States. (2) Fascism. This has been tried in Germany, Italy and Japan; it is a form of State capitalism where persons continue to own their property but use it as the State directs. (3) Communism. This is where there is no private ownership. Communism is Socialism with brutality added. Our country could get on under either the capitalist system or Fascist system by itself; but Communism or Socialism probably needs a world organization in order to make it work. At least, this is what Mr. Stalin thinks.

Stalin's Ultimate Goal

Therefore, Stalin's goal is to eliminate capitalism. Anyone responsible for making a success of Communism would probably have the same aim as Stalin. The Labor government in England is gradually coming to this same conclusion. It is not ruthless like the Communists, but even their leaders believe that their success depends upon having the same program adopted by all other leading countries.

Therefore, it is possible that as Russia gets the atomic bomb she may blow up the big cities of the United States. She may have no thought of landing troops here or of taking over our government. It would be only one step in her campaign of destroying capitalism. Her hope would be that with our big cities destroyed—a Socialistic system would be needed to operate our remaining industries. This would also eliminate undue competition from industries in communistic nations.

What Will The Communists Do?

If this is their program then, when the Russians get the atomic bomb, they may get these bombs planted by their own friends in the center of our big American cities. It would be easy to get them over here in trucks, or in bales of goods. They could be smuggled across our borders in automobiles, trucks or airplanes without being detected by custom examiners. Then the Russian agents could deposit these in their boarding houses in our big cities until the time came to explode them at a certain moment on a certain day. Time clocks could be used so that the Russians would have time to get away. Thus all these cities could be destroyed at a certain set hour.

Of course, the Russians would expect that we would retaliate with our airplanes. On the other hand, how can we then prove that it is the Russian Government or the Spanish Government, or the Argentine Government that does the damage? Of course, the time would be selected when we are more or less in a row with all of these governments. Therefore, our big cities could completely be destroyed without our knowing for sure who destroyed them and certainly without war having been declared.

Final Result

What the final result would be nobody can foresee. With a dozen of our biggest cities destroyed, there would not be much hope for Capitalism for many years to come. Thus, the purpose of the Communists would have been attained. They might try to have a hand in the government of the

Wishful Neutrality Seen As Menace To Safety Of The U. S.

New York, (P)—Lord Rothermere, British newspaper publisher, said Monday a cloud of wishful neutrality is forming in Europe and can grow to such proportions as to endanger the safety of the United States.

Lord Rothermere, who spoke at the 100th anniversary luncheon of the Associated Press in the Waldorf Astoria hotel, urged more newsprint for Europe so that the "battle for freedom" can be fully reported.

"The news must be reported," he said, "ignorance, as you know better than anybody, breeds isolationism. Isolationism breeds neutrality. Look eastwards across the Atlantic and you will see forming on the horizon a cloud of wishful neutrality. Today no bigger than a man's hand perhaps, but capable tomorrow of assuming menacing proportions."

"A serious movement for western European neutrality, particularly British neutrality, could undermine the whole conception of American strength, and swiftly imperil the present safety of your precarious peace and freedom."

He called "passage of the Marshall Plan one of the greatest acts of statesmanship in modern history" and said "all western civilization should be eternally grateful to the people of this country."

United States; but it would then be taken over by the people of the smaller cities and rural communities, largely the people of our Central West. If my prognostications come about, which I hope they will not, it certainly means that the people of our Central West will someday have a great opportunity and responsibility. The question is are these people now preparing for such even though it may be a remote possibility?

FUTURE STYLE?—End of the "new look" is not far off according to Arthur Radebaugh, Detroit illustrator of life in the future. Today's halfpast skirts will be replaced within five years by styles approaching the flapper era of the 20's, Radebaugh predicts. Seated at the drawing board he depicts about what you may expect to see. Note that he foresees no return to the flat chestedness of flapper styles. (AP Photo)

PLASTIC HELPS HEART PATIENTS

Powder Permits Boon Of Eating Salt Again

BY ALTON L. BLAKESLEE
Associated Press Science
Reporter

Chicago, (AP)—A new plastic powder promises many heart disease patients the boon of again eating foods with salt, two scientists reported Monday.

The powder is swallowed with water, like medicine. It then removes salt from food passing through the intestine, Dr. I. J. Greenblatt of Beth-el hospital, Brooklyn, and M. E. Gilwood of the Permutt company New York, told the American chemical society's national meeting.

It has been used successfully they said, on some persons who otherwise could not eat salted foods. These patients had heart troubles marked by dropsy, excessive water in body tissues, and swelling of the joints. Salt aggravated this condition, so they had been put on diets almost entirely free of salt. The diet is tasteless, and boring.

Patients taking three table-spoons of the powder before and after each meal have been able to eliminate some of the excessive water without restricted diets or medicine, they said. The treatment still is being studied, Dr.

Greenblatt stressed.

The plastic has been named Permutt Z. Dr. Greenblatt got the idea for the method during the war when the same kind of principle was used in airplane and ship emergency kits to take salt out of seawater.

A substance in human blood which may be important in human cancer was described in another report by Dr. William H. Fishman of the University of Chicago's department of surgery.

In test-tube experiments, this chemical halts the action of an enzyme called glucuronidase. Enzymes are potent chemicals which help govern cell activities and growth. The glucuronidase enzyme has been found to be plentiful in most human cancer tissue, Dr. Fishman said. But little or none of the anti-enzyme detected in the blood has been found in cancers from human stomachs or intestines, he reported.

Earlier studies by Dr. Fishman and Dr. Lester Odell, also of Chicago, indicated a connection between this enzyme and female sex hormones, which also work as special growth regulators. And cancer is a growth process which has gone wild. There is a possibility, Dr. Fishman said, that the increased enzyme activity in human cancer may result from increased activity of female sex hormones, or chemicals much like them.

Margaret, a queen of Scotland in 1288, ordered fines for eligible men who refused marriage proposals from eligible women in leap years.

HER PROTEST HITS THE TARGET—This London housewife carries her protest against the high cost of living right to the Chancellor of the Exchequer, Sir Stafford Cripps. With her child and her sign tagging along, she drops a letter addressed to Cripps in the letter-box at No. 11 Downing Street. She asks lower prices in the forthcoming British budget, which Cripps is preparing.

POLICE WARN OF RACKETEERS

Two Local Men Are Near Victims Of Bad Faith

Sgt. Kenneth White, of the state police, warns people of the area to be on their guard against petty racketeers. With employment on the decrease and summer on the way "the woods is apt to be full of them," he states.

A case in point came under the surveillance of the police Tuesday, when they were called upon to question two local residents for questioning regarding checks written out by them on a local bank in which their funds, if any, were insufficient to cover the amounts.

The men admitted writing the checks but stated that they had been assured by the party they had issued them to that the checks would not be cashed for ninety days. They said that they had been visited by some magazine subscription solicitors, who told them that they were disabled war veterans and that they were making a living by this method. The two local men said that they didn't want the magazines but they sympathized with these disabled men. When they told the solicitors that they had no funds, a solicitor told them that that was quite all right, if they would sign checks made out to them, the solicitors wouldn't cash them for three months. With this assurance the checks were signed.

This happened on Monday afternoon, Monday evening the solicitors entered a restaurant in St. Ignace, ordered meals and presented one of these checks in payment. The cashier accepted the check, but later became suspicious and called the state police there. The checks were found to be worthless. The local men were questioned and a search was made for the solicitors who were located at Petoskey. The solicitors, given the alternative of making restitution or suffering the consequences took the wisest course. The checks have been cancelled.

The names of the local residents are withheld at the request of their authorities who assert that their only crime was their gullibility.

MANISTIQUE

School Library Gets Many Timely Non-Fiction Books

Acquisition of many new non-fiction books of timely interest is announced by Mrs. Dorothy Shipman, school librarian.

Listed among these are:

Speaking Frankly — James F. Byrnes.

Soviet Russia Since the War — Dr. Hewlett Johnson.

Those who enjoy photography are especially favored by recent library purchases. Among books received for them are: 1. This is Photography—Miller. 2. Developing, Printing and Enlarging. 3. Outdoor Photography. 4. Beginner's Book of Photography. 5. Flash Photography. 6. Photo-oil coloring for Profit. 7. Photographic Lenses and Shutters. 8. Indoor Photography. 9. Your Camera and How It Works and 10. The beautiful book of pictures U. S. Camera, 1948.

Other non-fiction books received in recent weeks include: The Atlantic Coast; Piers in Practice; Practical Nothing and Pencil in the Air—Hoffenstein; Poems Teachers Ask For; Great Teachers—Paganini; Animals for You to Make; Wagner; One Foot in Heaven; Oxford Dictionary of English Christian Names; Look at America—The South; Handbook of Old Pottery and Porcelain Marks; The Modern Moyle; Cherokee Strip; Portable Russian Reader; You Can Draw Anything; Fighting for Freedom; The Way of the Story Teller; Duck Guns Shooting and Decoying; Flame Birds; Bob Becker's Dog Digest; I'm Tired of Grandma; Martha, Daughter of Virginia; Recipes for Two; Treasury of New England Folklore; The Living Novel; My Polio Past; Creative Hairdressing and Hairstyling; Famous Living Americans—2 vol.; Reading With Children; Bright With Silver—the story of the Fromm fox industry; American Garden Flowers; The Loud Red Patrick; International Who's Who, 1947; Painting for Enjoyment; We Lead a Double Life—Hoffman; Cabinetry and Outdoor Living; Your Carriage, Madam (a book on posture); Insects and Human Welfare; Betty Betz Party Book; Daily Player Companion; Men Against the Ice; Men and Volts at War; Mozart; Tchaikovsky Speaking of Animals; Discoverer of Europe; New Declarations; Reading Fun; Improving Your Vocabulary; Our Own Baedeker-Kinkadee and Maloney; Album of American History; The Chicago Bears; When the Fish Are Rising (fishing stories of the Rideau Lakes); The Era of Elegance; Tattlers; Sons of the Admiral; The World's Great Madonnas; Tomorrow's Food; Young Walter Scott; Girl in White Armor; Boy's Life of Edison; Abe Lincoln Frontier Boy; Best Plays of 1946-1947; The Courage and the Glory; We the People; Land of Promise, Havighurst; Complete Stories of the Great Operas—Milton Cross; Masterpieces of Modern Verse—Shurter. Where the Sabia Sings.

Junior-Senior Prom At New Gym Friday Evening

Manistique high school's junior-senior prom will be held in the new gymnasium next Friday evening.

"Rhapsody in Blue" will be the theme song for this colorful event and decorations will be carried out according to the motif.

The following committees have been appointed to take care of the prom's many and varied details:

Prom manager: Chairman, Dave Watson; Wesley Schubring, Clyde Strassler, Lyle Demars, Tim McGregor, Homer Weber, Paul Nelson, Jack Helland.

Prom refreshments: Chairman, Adelle Gregurash, Mary Goudreau, Connie Peterson, June Gray, Vivian Archambeau, Helen Anderson.

Prom music: Chairman, Dan Giovannioli, Bill McKenzie, Steve Boake, Dawn Gustafson, Helen Hambeau.

Prom decoration: Co-chairmen, Joyce Tank, Betty Tebo, Betty Anderson, Eloise Chartier, Jim Fagan, Angela Frankovich, Charles Goliat, Virginia Derouchey, Bob Miller, Marilyn Pistulka, Shirley Quinn, Betty Rydquist, Douglas Scully, Bob Videtich, Dick Vaughan, Don Carlson, Nite Byers, Gerry Mullen.

Prom clean-up: Co-chairmen, David Watson, Clyde Strassler.

Manistique Ski Club To Meet

The final meeting of the Manistique Ski Club will be held Thursday evening 8:00 p. m. at the Youth Center. Election of officers for next season will be the most important business of the meeting. Next winter's activities will be discussed and the proposal of constructing a ski tow will be considered. Everyone interested in any phase of skiing is urged to attend this meeting.

Attendance was non-committal as to when the club will be ready for the jury.

Father and Son Banquet Held At First Baptist

The Men's club of the First Baptist church held a father and son banquet on Monday evening in the church parlors with sixty guests present.

The dinner was served by the Ladies' Aid assisted by members of the Philathea Class and girls of the Baptist Youth Fellowship. Rev. W. H. Schober was toastmaster, and H. H. Secore, president of the Men's club was in charge of devotions.

Group singing was enjoyed after which Don Foye and Hugo Schober presented a trumpet number. A toast to the boys was given by E. T. King, and Howard Hewitt gave a toast to the men. John Vieregger, Boy Scout leader, spoke on football memories, Carl Olson, high school principal, was the special speaker for the evening.

At the close of the program, a colored motion picture, "Forestry Division," was shown.

Fourth Extension Course Lecture Here This Evening

The fourth of the series of University of Michigan Extension lectures enlarging on the subject "The United States in World Affairs," will be presented at the high school auditorium when Roger S. Abbott, of the University faculty will discuss "Unity or Chaos in Western Europe."

Mr. Abbott spent a year and a half in France as an economic analyst in the Auxiliary Foreign Service of the Department of State. He also spent some time in Washington with the Bureau of the Budget of the War Production Board.

The eruption of Mount Pelee, on Martinique, on May 8, 1902, killed 30,000 persons.

Band of Gypsies Pays Manistique A Visit Monday

The season's first band of Gypsies arrived in Manistique Monday, arriving here with several expensive cars and high priced trailers.

Police were alerted and were on the watch during the visitors' brief stay here. Except for a stop at a local grocery store to make some purchases, the Gypsies kept on the go. They headed west when they left town.

TO SHOW 4-H ACHIEVEMENTS

Achievement in the handicraft arts by members of the various 4-H club units in Schoolcraft county will be on display at the Lincoln school gymnasium this evening from 7:30 to 9 o'clock. The public is invited and urged to come at this time and view the display. There is no admission charge.

Always an attractive display and incentive for emulation on the part of those who visit this show, this year's collection will contain many novel and original ideas that will serve to make homes more attractive and, in many instances be short cuts to getting things done.

The open house this evening, is but a small part of the Achievement day program arranged by Fred Bernhardt, district 4-H club leader. Following is the program, most of which will be for the benefit of the 4-H club members themselves:

Wednesday, April 21
3 p. m.—Judging
7:30-9 p. m.—Open House—the public is invited
Thursday, April 22
9:30 a. m.—Show at the Oak Theatre
11:30-1 p. m.—Lunch time and viewing of exhibits.
1 p. m.—Dress Revue Rehearsal Program 1:30 - 2:45 p. m.
Dress Revue—Mrs. Jayne Nord, accompanist, Mrs. Evelyn Swartstrom
U. S. Flag Pledge
Group Singing—Led by Clayton D. Reid
4-H Club Creed—Green School Club members
Honor Members in Boys
Projects announced — Melvin Nyquist
Piano Selection—Janet Dixon, Whitetale
Honor Members in Girls
Projects announced—Mrs. Jayne Nord
Presentation of Potato Boosters Association Award—James Wieland, President of the Association
Closing Exercise—Fred Bernhardt

111 Cedar Street

Will-Feature New Look In Style Show Thursday

The New Look will be featured in a very well planned style show Thursday evening sponsored by five local stores the benefits of which will go to the fighting of cancer.

Under the direction of Miss Patricia Lundstrom, a former model in Chicago, the show will bring to the public a wide variety of spring styles. The evening's entertainment will commence at 8 o'clock in the Manistique high school auditorium, with no admission charge. However, a collection will be taken at the door following the show. All proceeds will go to the cancer drive.

Musical entertainment during the style show will include the String trio composed of Carl Olson, Norman Martin and Mrs. James Fyvie; songs by the Barber Shop quartet, which includes Carl Olson, Joseph Giovanni, J. Earl Cousineau and Marvin Fredrickson; and vocal solos by Miss Margaret Burgess and J. Cousineau. So that the audience might understand the various styles Mrs. Robert Shining will do the commentary on each style.

The open house this evening, is but a small part of the Achievement day program arranged by Fred Bernhardt, district 4-H club leader. Following is the program, most of which will be for the benefit of the 4-H club members themselves:

Wednesday, April 21
3 p. m.—Judging
7:30-9 p. m.—Open House—the public is invited
Thursday, April 22
9:30 a. m.—Show at the Oak Theatre
11:30-1 p. m.—Lunch time and viewing of exhibits.
1 p. m.—Dress Revue Rehearsal Program 1:30 - 2:45 p. m.

Lauerman's Wins Playoff of Brault Women's League

Lauerman's team became the champion organization of Brault's Ladies' Bowling League defeating the Light & Power team in a playoff Monday evening. Lauerman's team was the league champion at the end of the season half and the Light & Power team was tops at the end of the season.

Monday night's scores follow:

Lauermans
G. Gorshe .169 203 178
V. Jones .111 119 145
K. Charron .91 72 150
A. Huber .130 146 114
G. Matthew 116 120 111
Totals .658 701 739 2098

Light & Power
L. McNally .96 139 133
G. Kendall .123 119 156
K. Nelson .155 104 142
A. McNamara 154 112 136
A. Solar .118 113 129
Totals .646 587 696 1929

City Briefs

John Dugas, and son, John, Jr., of Iron Mountain spent Sunday here with relatives.

Mr. and Mrs. Herbert Kallman of Duluth are the parents of a daughter, Barbara Ann, born April 4. The baby weighed seven pounds and nine ounces. Mrs. Kallman is the former Norman Nelson, daughter of Mr. and Mrs. Otis Nelson, North Fifth street.

Mr. and Mrs. Clyde Hoar and Mr. and Mrs. Delmar Saxson of Iron River spent the weekend here at the home of Mr. and Mrs. Robert Hoar, Deer street.

CARD OF THANKS

We wish to express our sincere appreciation and thanks to all the kind neighbors and friends who so kindly assisted us during our recent bereavement, the death of our beloved mother.

Signed:
The Engel Family

DETROIT SHOWS POWER AT BAT

Rookie Vico Raps First Pitch For Homer

Chicago, April 21 (AP)—The Detroit Tigers of 1948 aren't following the script.

Diagnosed as long on pitching but short on hitting as they headed into the American League flag chase, the Tigers crossed up the experts in their lid-lifter yesterday, collecting a dozen hits back of Hal Newhouse's effective twirling to cuff the Chicago White Sox 5 to 2.

Newhouse, achieving his third straight opening day triumph, went all the way and scattered eight Chicago hits. That was as it should have been.

But on the other hand:

(1) The Tigers nailed Joe Haynes and Earl Caldwell for 12 hits, three of them for extra bases, and won with a three-run surge in the ninth.

(2) George Vico, rookie first baseman acknowledged to be a classy fielder but not much to shout about at the plate, belted a line drive home run on the first pitch thrown to him in a big league game.

(3) Dick Wakefield, holding down left field despite a laggardly performance in spring training, singled his first two times at bat, and.

(4) Every Tiger in the starting lineup except catcher Bob Swift contributed at least one hit to the Detroit attack.

Newhouse, bidding for a return to his 1946 form after a disappointing 17-17 mark last season, got away to an excellent start.

Prince Hal blanketed the Sox with four hits for six innings and headed into the seventh with a 2-0 lead, acquired on Vico's homer in the third and Eddie Mayo's double, a sacrifice and a wild pitch by Haynes in the sixth.

Sox catcher Mike Tresh nullified one of those runs by smashing a seventh inning homer (his second in the big leagues) and Chicago tied the score in the eighth on singles by Luke Appling and Tony Lupien and Bob Kennedy's fly.

It didn't stay tied long, though. With one out in the ninth George Kell rifled a double to left and Vico was purposely passed.

Freddie Hutchinson pinch-batted for Swift and singled to left, scoring Kell with what proved to be the winning run. Newhouse's second hit of the game put another run over and rookie shortstop Neil Berry singled the third one across after Caldwell had relieved Haynes.

That was the ball game and Newhouse pocketed victory No. 1.

Caught on the fly: Paul (Dizzy) Trout drew Detroit's second day pitching assignment, opposing Orval Grove of the White Sox . . . Virgil Trucks is in line for the Thursday start . . . Newhouse, going nine full innings for only the second time this spring, walked just one man—Kennedy in the sixth—and fanned four . . . Tigers were a picture of futility in the fourth inning when they bunched three singles and didn't get a man past second base . . . Hoot Evers singled to start it and was picked off first. After Wakefield and Vic Wertz had singled Kell popped out and Vico grounded out . . . the opening day crowd of 14,801 was a sharp disappointment, coming on the heels of a 50,000 prediction . . . Al Benton, big Tiger right-hander, took in the opener by radio . . . Benton, resting a back ailment that had him hospitalized last week, is in his Detroit hotel room, hopeful of being back in uniform for Friday's Tiger home opener against Cleveland.

HURLS SHUTOUT IN OPENER—Signalling the start of another big campaign, Bob Feller, Cleveland's meal ticket, hurled the Tribe to a 4-0 shutout over the St. Louis Browns before a record inaugural crowd of 73,163 fans in Cleveland yesterday. He gave the Browns only two measly singles.

ESCANABA DAILY PRESS SPORTS

"It Seems To Me"

BY JIM WARD

Jim Hood, grey-thatched golfer and civic leader, the man who handed Don Feller his trophy when he won the U. P. golf championship at Menominee Riverside last summer for the second successive year, has big plans for the Riverside club.

With Cotton Leonard taking over as manager and professional, after 11 years in Escanaba, plans are underway to make Riverside a year-round club, something on the order of Iron Mountain's Chippewa club, where Menominee and Marinette business men may entertain their business guests and where all club members, of course, may entertain their guests the year 'round.

Explaining the plan to the Menominee Rotary club, Hood said it is hoped the club will emerge as a "well rounded club where all members of Twin City families can find recreation, pleasant dining and refreshment the year 'round and where Twin City industries can entertain their business guests."

Hood said it was hoped industries would invest \$15,000 to \$17,000 in the club. After approaching only three so far, about \$10,000 has been pledged. The public is going for the new plan, too, he pointed out. Since the campaign started a few days ago, more than 150 memberships have been sold, "and 60 per cent of them do not play golf and have never been members of Riverside before."

Under the plan, the public is not required to buy stock in Riverside to become members. Dues are based on the club budget and number of members. Currently, they are \$5 a month plus \$1 a month Federal tax, payable monthly but payment must be made the year 'round.

Tennis courts are included in the club's development program, and in the winter, there will be a skating rink and toboggan slide at Riverside. The clubhouse, itself, will be a rambling ranch house style construction.

Our only purpose in devoting the column to this today is to help to keep you abreast of such developments in the U. P. Menominee's most recent move appears to be indicative of a trend toward providing completely adequate facilities for entertainment of out-of-town business guests as well as year-round enjoyment by members.

Dodgers Need Hurlers To Defend Their Crown

By Frank Eck
(AP Newsfeatures Sports Editor)

Vero Beach, Fla.—If you believe Branch Rickey and Leo Durocher, pitching is only a minor problem with the Brooklyn Dodgers.

But if you saw, read and heard about the 1947 World Series you know the Dodgers won the pennant with the most uncertain mound staff in history.

The Bums will need much better pitching than they got last year in order to repeat as the National League's World Series entry because the Cardinals and Braves are stronger than at this stage last spring.

However, Rickey and Durocher insist that the outfield and who is to play there are the main causes of concern.

THUMBNAILED PREVIEW	
Brooklyn Dodgers	Pitching—Questionable.
Catching—Excellent	
Infield—Fine	
Outfield—Fair	
Hitting—Good	
Finish—Third	

The writer rates the Dodgers third best in the league in view of the deals that sent Dixie Walker to Pittsburgh and Eddie Stanky to Boston. These were two key players who are not easily replaced.

Surprises
"Pick up where you like," said Durocher just before the team broke camp for the hinterlands. "But I'm going to have a lot of surprises up my sleeve."

One such surprise, in Lippy's own blaring words, could be Elmer (Preacher) Roe who pitched with a leave for an infield in Pittsburgh last year when he won but four games while losing 15.

Preacher's best year was 1945 when the six-foot-two southpaw had a 2.87 earned run average while winning 14 and losing 13.

JOCKEY SWITCH SPICES DERBY

Doug Dodson Will Ride 'My Request'

By JOHN CHANDLER
New York, April 21 (AP)—Doug Dodson will ride Ben Whitaker's My Request in the Wood Memorial and again in the Kentucky Derby through the sportsmanship of Jockey Eddie Arcaro and Mrs. Elizabeth Graham.

Mrs. Graham, owner of the Maine Chance farm, has first call on the riding services of Dodson. When she learned today that Dodson could have the Derby mount on My Request provided that pair teamed up in the Wood Memorial at Jamaica Saturday, she scratched her Ace Admiral from the race.

And when Arcaro, slated to ride Calumet farm's highly favored Citation in the Derby, heard of Dodson's chance the Italian riding master said that Dodson could have his first major victory in the Wood. Arcaro rode My Request in both victorious halves of the Experimental.

"If I was going to ride a horse in the Derby I would want a chance to get acquainted before," said Arcaro.

A week ago Arcaro rode Citation at Havre De Grace when Saggy defeated the Calumet charger. He was in the saddle again Saturday when Citation got revenge.

Help Wanted—Male

Mrs. Osa Edger Dies Following Two Year Illness

Mrs. Osa E. Edger, 61, of 314 North 19th street, well known resident of Escanaba, died at 5 o'clock this morning at the family home. She had been in poor health for the past two years, and seriously ill for several months.

Born in Fayette, September 20, 1886, she came to Escanaba as a child and had made her home here since that time.

She was in charge of the alteration department at Lauerman's for 22 years, retiring two years ago because of ill health.

Surviving are two daughters, Irma, of Lansing, and Mrs. E. F. Anderson, of St. Paul; three grandchildren; and one sister, Mrs. James McDonald, of Escanaba.

The body will be in state at the Degnan funeral home at 7 o'clock Thursday night. Services will be held at St. Patrick's at 9 o'clock Saturday morning with Father Martin B. Melican officiating and burial will be in Holy Cross cemetery.

Earl Long Elected Louisiana Governor, Just a Formality

New Orleans, April 21 (AP)—Louisiana voters went through the formality yesterday of electing Earl K. Long as their governor in a statewide general election.

There was no opposition for the younger brother of the late Senator Huey P. Long, and the vote was light. The fight for the governorship was staged in the Democratic primaries in January and February.

In the primaries, Long defeated former Gov. Sam Jones, who campaigned on a "reform government" platform. Yesterday's vote gave formal ratification to the primary choices. It was nothing like the 656,499 votes cast in the February 24 run-off primary between Long and Jones.

Together with Long, eight other state officials, members of the legislature and local officials were voted into office yesterday.

Spies In Hungary Accused of Sending Secrets to U. S. A.

London, April 21 (AP)—A Tass dispatch said today that the Hungarian interior ministry has announced the arrest of 12 persons accused of sending abroad Hungarian military inventions. It said some of the information had been sent to the United States.

The ministry communique said the alleged head of a large criminal group involved was Lajos Vilmos, director general of Hungary's Ferrotechnika engineering firm. Vilmos has fled the country, the communique added.

The statement said the accused bought up blue prints and a description of the manufacturing process for a new light machine gun and sent them to the United States.

Navy's Oil Wells In Arctic Region Turn Out Gushers

Olympia, Wash., April 21 (AP)—The Washington State adjutant general says the Navy is striking "gushers" in one out of every seven oil wells it is drilling in the Arctic.

Brig. Gen. Ensley Llewellyn, who returned from the Arctic late last year, made the statement last night in an address at the Capitol City Press club.

He said he was at liberty to reveal that Navy development of oil fields in the far north is "normal."

"By normal," he said, "I mean that one in every seven wells drilled is a gusher."

The area, he added, covers 32,000 square miles within the Arctic circle, stretching out from Point Barrow, Alaska.

Warmer Weather Promised Midwest

Chicago, April 21 (AP)—The mercury dropped to below freezing in parts of the midwest today but warmer weather was on the way.

Coolest spot in the north central region was Land O'Lakes, Wis., with a low of 25 above. Some sections of Northern Minnesota and Michigan reported early morning readings of around freezing, but the forecast for the region was rising temperatures.

Preston Tucker Flies New Auto To Capital; Wants Pig Iron Plant

Washington, April 21. (AP)—Preston Tucker, 43-year-old automobile maker from Ypsilanti, Mich., rushed the first Tucker automobile off the production line into Washington by air to back up his bid today for a surplus government pig iron plant.

LEFTIST BLOC BROKEN UP BY VOTE IN ITALY

(Continued from Page One)

on the basis of the nearly complete returns, was 17,030,386, and in the Senate vote, final official returns, 15,282,582.

Recovery Big Factor

Di Vittorio, Communist leader of the Confederation of Labor, announced he intends to ask the executive of the World Federation of Trades Unions (WFTU) to let each country decide its position on the Marshall Plan independently of Russia. This, he said, would let labor in each nation decide on the basis of the country's needs.

The move was believed calculated to avert a split in the 6,000,000-member confederation over American aid. It also indicated the powerful role American aid must have played in the elections.

Jacinto Cardona, information director of the Popular Front, placed a large part of the blame for the Communist defeat on the women of Italy, who voted in large numbers. He also blamed the intervention of the Catholic church and conceded that U. S. aid was an important factor.

Philadelphia Pupils And Teachers Test Lean European Diet

Philadelphia, April 21 (AP)—Fourteen Philadelphia school children and five teachers are going to live on a "starvation diet" for one week, starting Saturday, to learn at first hand how it feels to eat as many European children now do.

The experiment was planned to dramatize the fund-raising campaign of Philadelphia's Crusade for Children, campaign officials said yesterday.

During the week the children and teachers will live at a hotel under medical supervision. All volunteers, they will be given this diet daily:

Bean soup, black bread, powdered milk and a spoonful of cod liver oil for dessert.

At the end of the week the children and teachers will be guests of honor at a special banquet with all the trimmings. Others attending the banquet, however, will eat bean soup and black bread.

Former Nazi Agents Named in Espionage Charge at Belgrade

Belgrade, Yugoslavia, April 21 (AP)—Fifteen alleged former agents of the Nazi Gestapo, including three who rose to power in Marshal Tito's government, were accused by Yugoslavia today of espionage.

The charges, which did not name the foreign power for which the defendants were accused of spying, were filed yesterday at Ljubljana, before a military court.

They all were said to have masqueraded as inmates of Nazi concentration camps in Germany while actually working for the Gestapo. Upon their return to Yugoslavia, the charges said, they successfully concealed their past and came to be regarded as trustworthy Communist party members.

The defendants included: Stane Oswald, former assistant minister for industry.

Oscar Juranich, former general secretary of the foreign affairs ministry.

Branko Dil, former chief inspector for the economic control commission of Slovenia.

Traditional 5-Cent New York Subway Fares Are Doomed

New York, April 21 (AP)—The world's biggest ride for a nickel is doomed.

"I just want to show them we're actually turning out automobiles," Tucker told reporters at a news conference. The car was flown in by Tucker's private plane from the manufacturing plant in Chicago.

Tucker has been battling for months to buy a coke and pig iron plant in Cleveland. He says he needs the pig iron to swing into full mass production.

The plant now is operated by Republic Steel, which ran it during the war. Both Republic and Tucker put in bids to buy the plant last Jan. 19. War assets has not yet announced its decision.

Republic says it needs the plant and asserts if Tucker gets it several hundred foundries in the Cleveland area will lose their source of supply.

Tucker said he hopes to turn out 125 cars by June 3 and to reach a rate of 150 a day by mid-July.

He is manufacturing in a \$100,000,000 war surplus plant in Chicago, on which he has made \$1,275,000 down payment, with an option to buy for \$30,000,000.

He now has 1,600 employees. He said he will have 35,000 when he reaches full production of 120 cars an hour.

Tucker charges that "big steel and automobile interests" are blocking his purchase of the Cleveland plant.

He said that he wants a "yes or no" answer from war assets on the surplus plant. He plans to confer with agency officials during the day.

"I think I'm entitled to an answer," he said.

Tucker expects to sell his rear-engine drive car in the \$1,700 to \$2,300 range.

Louis Not Worried About Joe Walcott

Bloomington, Mich., April 21 (AP)—A highly-confident Joe Louis declared today he expects little trouble from Jersey Joe Walcott at their re-match June 23.

The heavyweight champion, here for his preliminary training chores, had only scorn for the man who nearly beat him last December.

"Walcott ain't a good fighter," Louis said. "He's got a tricky right hand but that's about all. His right-hand punch is troublesome because he starts to move away from you, then moves back in and throws it."

That right, you'll recall, enabled Jersey Joe to floor Louis twice when they met before and nearly pull off one of boxing's greatest upsets. Louis squeaked out a hotly-disputed 15-round decision.

But Louis has his battle plans laid already for the next meeting. Boiled down, it's "catch him and tag him."

The Brown Bomber doubts Walcott's ability to "make a fight" of this return go.

"I don't think he'll want a fight," said Louis. "I believe he'll try to run away. That makes it my job to catch him and tag him."

But, despite ultra confidence, Louis declined to name the round he'll "tag" Walcott.

"It takes time before you really get into the feel of a fight and can judge things," explained the champion. "So right now I wouldn't name a round when it will end. After I move from here and train at Pompton Lakes, N. J., for a couple of weeks, I'll know more about that."

Two Los Angeles Women Jailed For Traffic In Babies

Los Angeles, April 21 (AP)—Two middle-aged women were in jail today, booked on suspicion of buying babies from unwed mothers for \$200 each and selling them to married couples for as much as \$1,200.

Mrs. Marie Chaplain, 51, was arrested as she left the Glendale Community hospital yesterday. Later authorities booked Mrs. Ida Bell Drucker, 53, her cousin, of Glendale.

Both women denied any wrongdoing and said they had nothing to do with the sale of any infants.

Sawdust Produces Good Whisky, Says Chicago Chemist

Chicago, April 21 (AP)—Whisky "made from wood, aged in wood" was urged today by a chemistry professor.

The stuff would be just as good as whiskey from grain, and cheaper, Dr. Robert S. Aries of the Polytechnic Institute of Brooklyn told the American Chemical Society.

Good whisky could be made from petroleum wastes, too, Aries said. He thinks the customer probably couldn't tell the difference.

A plant already has been built that could "supply us with 10,000,000 gallons of ethyl alcohol from sawdust a year, or enough for 25,000,000 gallons of whisky."

Dr. Aries estimated that a ton of sawdust would yield 50 gallons of alcohol, and that 10,000,000 tons of sawdust are wasted annually. The alcohol would cost about one-third of that made from grain, he said.

Passing the alcohol through wood shavings would speed the aging considerably, he added.

REUTHER SHOT IN WINDOW OF DETROIT HOME

(Continued from Page One)

Toy ordered the Canadian border between Detroit and Windsor sealed against any escape attempt by the driver of the red sedan.

He ordered a roundup of all known Communists in the city, all Reuther's "friends and enemies" and his neighbors in the quiet northwest area where he lives. All will be questioned.

"We are leaving no one out in this investigation," Toy told newsmen, "and that includes management."

Reuther, himself, blamed "management, Communists or a screwball" for the attack.

State Help Pledged

Toy said he was still in doubt as to whether one or two men carried out the attack.

The UAW-CIO's executive board met in special session, pledged by Secretary-treasurer Emil Mazey to "spend any amount of money to clear this up."

"We'll get the guy who did it if we have to turn the whole town upside down," he said.

Gov. Kim Sigler promised that the state would "do everything we can to assist in finding the perpetrators of this crime and bringing them to the bar of justice."

The 40-year-old red-haired, aggressive UAW leader has long been an avowed foe of Communism.

Currently his big auto union, which speaks for nearly 1,000,000 workers of the car plants, is pressing its new spring wage increase demand on the industry.

The injury to the UAW's chief left in question meanwhile the extent to which he can take part in his union's wage drive. Doctors said he would be hospitalized perhaps for weeks.

Reuther was shot a few minutes after returning home from a meeting of the UAW international executive board.

As he stood at a refrigerator in the breakfast nook of his home on the northwest side, a blast was fired through a window four or five feet from him.

Wife Out Of Range

The charge struck his right arm. One slug penetrated his chest cavity, stopping near the skin surface in the stomach area.

Neighbors said they saw a man dash out of the Reuther yard and flee in a car a moment after the shot. Police reported none could tell whether a confederate drove the car.

Reuther's wife, Mae, who had helped him prepare a snack before they were to retire, was out of the line of fire.

LEWIS URGES MINERS TO GO BACK IN PITTS

(Continued from Page One)

junctions proceedings dismissed. Up Again Friday

Lewis himself was not in court. He did not have to be there. But he has another date Friday with Goldsborough. He is to appear then and hear whether the Judge will impose further fines, or even a jail sentence, on the civil contempt count.

Yesterday's fines were on a criminal contempt charge. It was pretty clear that what Goldsborough will do Friday will hinge largely on whether the miners are back at work by then.

Last night Lewis sent telegrams to all district union presidents saying it was his wish that the miners go back to work. The district presidents were passing the word along to individual miners.

There still was widespread idleness in the coal fields today. Many miners obviously were sore over the whopping fines Goldsborough imposed. But signs were strong that normal operation of the mines may be resumed within a few days at the latest.

On the contempt charge, the situation is this: Lewis and the UMW were found guilty of both civil and criminal contempt. Goldsborough levied the fines only for criminal contempt. On Friday, he will decide what penalty should be imposed for the civil contempt. So the Friday date hangs as a weapon over the heads of Lewis and his miners.

Some Diggers Angered

By contrast with the sessions for Lewis' trial and sentencing, the proceedings in Goldsborough's court today were a drab business. It was largely a matter of technical legal arguments.

Before the lawyers got down to these, the government put coal mine operators on the stand to testify that many soft coal miners still were idle yesterday.

A majority of the 400,000 soft coal miners returned to work April 12, after telegrams from Lewis said their \$100 monthly pensions for going to work had been granted. But the court tug-of-war angered some, and there was a wave of protest walkouts yesterday.

"The men cannot risk their lives to dig coal when they know the government is against them," was the early reaction of David Fowler, president of district 21 in Arkansas and Oklahoma.

But the Lewis telegram late yesterday sent Fowler, along with the other district presidents, into action.

Lewis himself refused to talk and his aides here said they knew nothing about the quiet appeal to get the miners back on the job.

But from the coal towns came the word that district heads had received this telegram from Lewis:

"We are today (Tuesday) executing bonds perfecting appeals. I do hope you will convey to each member my wish that they immediately return to work."

What Lewis referred to in the telegram was the posting of a \$1,420,000 bond—the amount of his and the union's fine—as the first step in an appeal which will be carried to the supreme court if necessary.

IT'S KRAMER AGAIN

Grand Rapids, Mich., April 21 (AP)—Jack Kramer won his 51st tennis match from his pro opponent Bobby Riggs here tonight, 9-7, 6-2. In the other singles match, the tennis exhibition, Poncho Segura beat Dinny Pails 6-3, 6-2. In the doubles match, Kramer and Segura combined their talents to win 6-0, 5-7, 6-2.

CHICAGO PRICES
